About This User Guide

CAUTIONS, WARNINGS AND NOTICES

The following notices are found in this *User Guide*:

WARNING: Text set off in this way indicates that failure to follow directions in the warning could result in bodily harm or loss of life.

CAUTION: Text set off in this way indicates that failure to follow directions in the Caution could result in damage to the equipment or loss of information.

IMPORTANT: Text set off in this way presents information or instructions that should be followed or information of particular interest.

NOTE: Text set off in this way presents information or instructions.

MENU ITEMS, BUTTONS, ICONS

Menu items, icons, and instructions found in the procedures in this *User Guide* are set apart by capitalizing them exactly as shown on screen. For example, the Start menu, Dashboard, Tablet and Pen Settings icon, Apply, Reset, etc. Buttons on the chassis are identified through diagrams.

WRITING ON THE DISPLAY

Writing on the Motion Tablet PC digitizer display in this *User Guide* refers to any hand-written input using the specially-designed Motion digitizer Pen, provided. The display responds only to this Motion Pen and not to any other type of pen or to a stylus or other device such as those used with personal digital assistants (PDAs). The display surface may be damaged by ink pens or other pointed objects.

INK

Use of the term *ink* in the documentation refers to *digital ink*, that is, text entered in handwritten format and converted to an object that can be displayed exactly as you write it.

REFERENCES TO USING THE PEN AND PEN FUNCTION BUTTON

Notations for using the Motion Digitizer Pen, which are found throughout this *User Guide*, are described below:

- Tap — Tap the Pen on the Tablet PC display, without pressing the function button on the Pen
- Double-tap — Double-tap the Pen on the display, without pressing the function button on the Pen
- Right-click — Press the function button on the Pen and tap the Pen on the display (equivalent to a mouse right-click)
- Press and hold — Press and hold the tip of the Pen to the display, without pressing the function button on the Pen (equivalent to a mouse right-click)
- Tap and drag — Tap and drag the Pen on the display
- Select/Highlight — Tap on the item on the Tablet PC display with the Pen to activate the function

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.
