

## Medicare Part B-covered services

Medicare Part B provides outpatient/medical coverage. The list below provides a summary of Part B-covered services and coverage rules:

- **Provider services:** Medically necessary services you receive from a licensed health professional.
- **Durable medical equipment (DME):** This is equipment that serves a medical purpose, is able to withstand repeated use, and is appropriate for use in the home. Examples include walkers, wheelchairs, and oxygen tanks. You may purchase or rent DME from a Medicare-approved supplier after your provider certifies you need it.
- **Home health services:** Services covered if you are homebound and need skilled nursing or therapy care.
- **Ambulance services:** This is emergency transportation, typically to and from hospitals. Coverage for non-emergency ambulance/ambulette transportation is limited to situations in which there is no safe alternative transportation available, and where the transportation is medically necessary.
- **Preventive services:** These are screenings and counseling intended to prevent illness, detect conditions, and keep you healthy. In most cases, preventive care is covered by Medicare with no coinsurance.
- **Therapy services:** These are outpatient physical, speech, and occupational therapy services provided by a Medicare-certified therapist.
- **Mental health services.**
- **X-rays and lab tests.**
- **Chiropractic care** when manipulation of the spine is medically necessary to fix a subluxation of the spine (when one or more of the bones of the spine move out of position).
- **Select prescription drugs**, including immunosuppressant drugs, some anti-cancer drugs, some anti-emetic drugs, some dialysis drugs, and drugs that are typically administered by a physician.

This list includes commonly covered services and items, but it is not a complete list. Keep in mind that Medicare does not usually pay the full cost of your care, and you will likely be responsible for some portion of the cost-sharing (deductibles, coinsurances, copayments) for Medicare-covered services.
