Online First

An exciting innovation allowing the advanced publication of selected articles within days of acceptance.

Online First articles are available as **unedited manuscripts*** in downloadable PDF form. They are peer reviewed, accepted for publication and indexed by PubMed but **not** yet included in a journal issue.

* edited, typeset versions may be added as they become available

RSS [Sign up for feed](#)

[\[Sign up for email alerts\]](#) [\[Learn more\]](#) [\[How to cite articles\]](#) [\[Disclaimer\]](#) [\[Permissions\]](#)

To see an article (subscription required for full text), click its [Accepted Manuscript] link. **To review many abstracts**, check the boxes to the left of the titles you want, and click the 'Get All Checked Abstract(s)' button. **To see one abstract at a time**, click its [Abstract] link.

11 February 2009

Carmen K M Chan, Andy C O Cheng, Christopher K S Leung, Carol Y L Cheung, Astrid Y Yung, Bo Gong, and Dennis S C Lam

Quantitative assessment of optic nerve head morphology and retinal nerve fibre layer in non-arteritic anterior ischaemic optic neuropathy with optical coherence tomography and confocal scanning laser ophthalmoscopy

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
