Petitioner,

v.

NEONODE SMARTPHONE LLC,

Patent Owner.

Case No. IPR2021-01041
U.S. Patent No. 8,095,879

PETITIONER'S REQUEST FOR ORAL HEARING

The Board has tentatively scheduled oral hearing for this proceeding for October 17, 2022. Paper 20 (Scheduling Order) at 11 (DUE DATE 8).

Pursuant to 37 C.F.R. § 42.70(a), Petitioner requests oral hearing on all instituted grounds of unpatentability, disputed claim constructions, motions to exclude, and any other issues that may affect the Board's determinations in this proceeding. Petitioner also requests oral hearing on any issues raised by Patent Owner in its Request for Oral Hearing.

Petitioner requests that it and Patent Owner each be allotted **60 minutes** of argument time. To the extent the Board schedules the hearing to last less than or more than 120 minutes of total argument time, however, Petitioner requests that it be given half the length of the hearing to address these issues.

Petitioner further requests the Board to conduct an in-person hearing at the USPTO's Silicon Valley regional office located at San Jose, California, as indicated in the Scheduling Order. Paper 20 (Scheduling Order) at 6. Petitioner conferred with Patent Owner on August 30, 2022, and Patent Owner indicated that it is amenable to an in-person hearing held at the USPTO's Silicon Valley regional office.

If the USPTO's Silicon Valley regional office is not available for the oral hearing, Petitioner requests that the oral argument take place virtually via remote video conference.

If an in-person hearing is held at the USPTO's Silicon Valley regional office, Petitioner requests that two spaces be reserved for counsel at counsel's table and three additional spaces be reserved in the hearing room to accommodate additional counsel and corporate representatives. Petitioner also requests that two attorneys at Petitioner's counsel's table be allowed to use computers. Petitioner also requests permission to use audiovisual display equipment to present demonstratives, including a projector and screen for computer-generated slides, and a document camera/projector.

Respectfully submitted,
