	1	**** PROCEEDINGS ****
	2	THE COURT: This is the time set for hearing
	3	before the Court on a motion for a motion to compel
	4	production by Japan Display, the Plaintiff in the Japan
01:33PM	5	Display, et al. Versus Tianma Microelectronics Company.
	6	The Court has also scheduled at this time a
	7	status conference on this matter. This includes lead
	8	case number 2:20-CV-284 and member cases 284 and 285.
	9	Let me ask for announcements and then we'll
01:34PM	10	proceed with a recital of what I understand is an
	11	agreement of the parties resolving that motion to
	12	compel, which appears as Document 137 in this case.
	13	What says the Plaintiffs, Japan Display,
	14	et al.?
01:34PM	15	MR. KLEIN: Good afternoon, your Honor. Eric
	16	Klein and Erik Shallman on behalf of Japan, Inc. and
	17	Japan Display Company ready to proceed.
	18	THE COURT: What's the announcement from
	19	Defendant Tianma?
01:34PM	20	MR. FINDLAY: Good afternoon, your Honor. Eric
	21	Findlay for Tianma Electronics; along with me, Mr. James
	22	Barney, Mr. Aidan Skoyles. We're ready to proceed,
	23	Judge.
	24	THE COURT: All right. Thank you, Mr. Findlay.
01:35PM	25	Counsel, I've been advised by my staff, who's

been in contact with you earlier today that the motion 1 to compel, Document 137, has been resolved by agreement 2 of the parties. I'd like to get a short recitation of 3 the substance of that resolution on the record. 4 I understand that particularly perhaps with the 5 01:35PM Plaintiff there may be a need to confirm this with 6 7 clients in Japan, and we can certainly do it subject to that confirmation within a relatively short period of But let's put on the record, if you will, where 10 you are with regard to the motion to compel and the 01:35PM particulars of the resolution that's been reached. 11 12 I don't care whether Plaintiff makes the presentation and Defendant agrees or Defendant makes the 13 14 presentation and Plaintiff agrees or you do it jointly, but I just want to get the matter on the record. 15 01:35PM 16 MR. KLEIN: Eric Klein for Plaintiffs, your 17 The parties have reached a resolution. It's 18 actually Tianma that needs to get confirmation for that. 19 THE COURT: Okay. I knew somebody did. 20 MR. KLEIN: 01:36PM Okay. 21 THE COURT: Why don't you go to the podium, 22 Mr. Klein, please. 23 MR. KLEIN: Thank you, your Honor. 24 The two issues that were brought up during the 25 motion -- for the motion to compel were resolved. We 01:36PM

believe we have a resolution for those.

The first issue regarding whether documents related to Tianma Japan would be sought in this case, and the parties have made an agreement, and this is the one that is subject to approval from Tianma Japan, which we believe won't be an issue and it will be forthcoming sometime in the next day or two.

The parties reached an agreement where the plaintiffs will not pursue discovery from Tianma Japan in the current case. In exchange, Tianma Japan and Tianma Microelectronics will agree not to argue in any subsequent litigation, but the Plaintiffs' litigation of the above-captioned case include any decisions that the Plaintiffs made during that litigation will create estoppel or preclusion regarding any claims against Tianma Japan.

THE COURT: All right. Let me ask defense counsel to confirm the accuracy of that recitation.

MR. BARNEY: That's accurate, your Honor. And just to be precise, we do have confirmation from our client, Tianma Microelectronics, as to that agreement; we just need to confirm with Tianma Japan, which we will do tomorrow morning, and we do not expect any problems there.

THE COURT: All right. Let me ask you to do

# DOCKET

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## **Real-Time Litigation Alerts**

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## **Advanced Docket Research**

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

### **Analytics At Your Fingertips**

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

#### API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

#### **LAW FIRMS**

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

#### **FINANCIAL INSTITUTIONS**

Litigation and bankruptcy checks for companies and debtors.

### **E-DISCOVERY AND LEGAL VENDORS**

Sync your system to PACER to automate legal marketing.
