**PATENT OWNER'S REQUEST FOR ORAL HEARING**

Patent Trial and Appeal Board  
United States Patent and Trademark Office  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Patent Owner Ancora Technologies, Inc. (“Ancora”) hereby requests an oral hearing pursuant to 37 C.F.R. § 42.70 and the Board’s Scheduling Order dated February 22, 2022 (paper 11), the Board’s Decision Granting Requests for Changing Oral Hearing and Due Dates dated May 4, 2022 (paper 23), and the Parties’ Joint Stipulation to Modify Due Dates 2–4 dated June 13, 2022 (paper 28). Oral hearing is currently scheduled for October 3, 2022. (*See* paper 23.) Ancora requests that the hearing be held in-person at the Alexandria USPTO Headquarters, or alternatively that hearing be held virtually if so ordered by the Board. Ancora intends to discuss the issues raised in the parties’ filings in the ongoing reviews, including but not limited to, the following items:

1. Any issue properly raised by Petitioner, including the Petition for *Inter Partes* Review and Reply in this proceeding, including the patentability of claims 1–3, 6–14, and 16 of U.S. Patent No. 6,411,941, titled “Method of Restricting Software Operation Within a License Limitation.”
2. Any issues addressed by Ancora, including in Ancora’s Responses, Supplemental Response, and Sur-Replies.
3. Rebuttal to issues properly raised by Petitioner, including in any Petition, Responses, Replies, motions to exclude or requests for oral argument.
4. Any other issues related to invalidity that the Board deems necessary for issuing a final written decision.

Ancora requests that each side be given 45 minutes of total time to present its arguments. Ancora further requests that the oral hearing in this matter be consolidated with IPR2021-01338. Specifically, Ancora requests the sequence of argument to allow Petitioners in this case and in IPR2021-01338 to present their principal arguments (up to 45 minutes for each case), followed by Ancora's rebuttal to both (up to 45 minutes for each case), followed by Petitioners' respective sur-rebuttals (if time is reserved in one or both cases), followed by Ancora's respective sur-sur-rebuttal. To be clear, Ancora requests time equal to the sum of time granted to Petitioners in this case and petitioner in IPR2020-01338. Given the similarity of issues in this case and IPR2021-01338, this sequencing would promote efficiency by avoiding repetition of arguments and ensure Petitioners in one or the other case do not get an unfair advantage based on observing Ancora's arguments or the Board's response thereto. Ancora proposed this arrangement to Petitioners, and they indicated that they oppose consolidating the hearings in this way. Ancora is available for a conference call with the Board at the Board's convenience.

Ancora also requests the ability to use audio/visual equipment to display demonstrative exhibits, including the use of a projector and screen for demonstrative slides.

Respectfully submitted,
