(together, the “Parties”) jointly move to terminate IPR2021-01492 (this proceeding) and IPR2021-01493 (related proceeding) as to Petitioner due to settlement. As discussed below, the Parties respectfully request termination as to Petitioner for at least three reasons:

1. the Parties have settled their disputes;
2. the Board has not made a decision on the merits;
3. granting termination as to Petitioner is mandatory.

Under 35 U.S.C. 317(a), “[a]n inter partes review instituted under this chapter *shall be terminated with respect to any petitioner* upon the joint request of the petitioner and the patent owner, unless the Office has decided the merits of the proceeding before the request for termination is filed.” (emphasis added).

Exhibit 2019 has been filed for access by the “Parties and Board Only.”

The Parties jointly certify that Exhibit 2019 reflects final settlement and resolution of all disputes between the Parties, including those relating to Patent No. 10,257,319 (the “’319 Patent”), and there are no other collateral agreements or understandings made in connection with, or in contemplation of, the termination sought.
