Paper No. 40 Entered: June 6, 2023

## UNITED STATES PATENT AND TRADEMARK OFFICE

\_\_\_\_\_

## BEFORE THE PATENT TRIAL AND APPEAL BOARD

A DDI E DIG

APPLE, INC., Petitioner,

v.

MEMORYWEB, LLC, Patent Owner.

IPR2022-00031 Patent 10,621,228 IPR2022-00032 Patent 9,552,376 IPR2022-00033 Patent 10,423,658 PGR2022-00006 Patent 11,017,020

\_\_\_\_

Record of Oral Hearing Held: March 14, 2023

\_\_\_\_\_

Before LYNNE H. BROWNE, NORMAN H. BEAMER, KEVIN C. TROCK, and JASON M. REPKO, *Administrative Patent Judges*.

## **APPEARANCES:**

## ON BEHALF OF THE PETITIONER:

JEFFREY P. KUSHAN, ESQ. Sidley Austin, LLP 1501 K Street, N.W. Suite 600 Washington, D.C. 20005

#### ON BEHALF OF THE PATENT OWNER:

DAN SCHWARTZ, ESQ. Nixon Peabody, LLP 70 W. Madison Avenue Suite 5200 Chicago, IL 60661

JENNIFER HAYES, ESQ. Nixon Peabody, LLP 300 South Grand Avenue Suite 4100 Los Angeles, CA 90071

The above-entitled matter came on for hearing, by video, on Tuesday, March 14, 2023, commencing at 1:00 p.m., EDT, at the U.S. Patent and Trademark Office.

## PROCEEDINGS

1		
2	JUDGE REPKO: Good afternoon. This is a consolidated oral hearing	
3	for IPR 2022-00031, 32, 33 and PGR 2022-00006. I am Judge Repko joined	
4	by Judges Brown, Beamer and Trock. Our primary concern is your right to	
5	be heard so if at any time you have technical problems with this video	
6	hearing, and you feel like it would undermine your ability to represent your	
7	client any way please let us know immediately. As soon as we're aware that	
8	someone disconnected, we'll pause the hearing while they reconnect.	
9	When you're not speaking, please mute yourself. When you do speak	
10	please identify yourself at the start of your remarks so our court reporter can	
11	get an accurate transcript. At the end of the hearing, please remain on the	
12	line in case the court reporter has any questions for you. Feel free to present	
13	yourself however you are comfortable. That means it's okay to stand. There	
14	are members of the public listening to the oral hearing today, so if there's	
15	any confidential information, I don't think there is, but if there is, you need	
16	to let us know so they can make sure we don't violate confidentiality.	
17	At this time, we'd like counsel to introduce themselves and anyone	
18	with them, and I'll begin with the Petitioner's counsel.	
19	MR. KUSHAN: Good afternoon, Your Honor. My name is Jeff	
20	Kushan with Sidley Austin here for Petitioner. With me is Christine Reid.	
21	JUDGE REPKO: Will you be presenting your arguments fully or will	
22	you be handing it off?	
23	MR. KUSHAN: I'll be handling all of the argument.	
24	JUDGE REPKO: Thank you. Patent Owner's counsel, can you	

1 please introduce yourself and anyone with you. Are you muted? 2 MR. SCHWARTZ: Can you hear me? Sorry about that. Apologies, 3 Your Honors. This is Dan Schwartz on behalf of Patent Owner Memoryweb. With me today is Jennifer Hayes. I will be presenting most of 4 5 the argument and she will also be presenting a percentage of the argument as 6 well. 7 JUDGE REPKO: Thank you. Thank you. So our Hearing Order 8 gave each party 90 minutes to present their arguments and since we don't 9 have a clock for everyone to look at, I will time you and try to give you a 10 warning when you have about five minutes remaining. Petitioner's counsel 11 will begin followed by Patent Owner's. Both parties may reserve some rebuttal time, but unless there's some special circumstances, you may not 12 13 reserve more than half your total time. If you have objections, please raise 14 them during your rebuttal. So with that, I'm going to invite Petitioner's 15 counsel to begin. I need to know how much time you would like to reserve 16 for rebuttal. 17 MR. KUSHAN: I'd like to reserve approximately 30 minutes for 18 rebuttal. 19 JUDGE REPKO: Okay. Thank you. You may begin. 20 MR. KUSHAN: Good afternoon. As you know, there are four 21 patents. There's a somewhat complex record to navigate, so I'll do my best 22 to make sure I cite to the right papers as I go through the issues. 23 I'd like to start with a prior art dispute that has been engaged and for 24 those I'm going to be referring to the papers in the '228 proceeding for

25

simplicity and I will also attempt to show my slides here. Can you see my

1	1'1 ດ	
	slides?	LTPAT

- 2 So we explained that the primary reference in the four proceedings is
- 3 the reference Exhibit 1005, which is the Aperture 3 User Manual from
- 4 February of 2010. It was distributed as an HTML set. That's encoding the
- 5 User Manual and it was distributed on an installer DVD. The version 3.0
- 6 Aperture Installer DVD was also distributed on Apple's website. One of our
- 7 experts, Dr. Terveen, explained that the HTML file set is on the aperture 3.0
- 8 version installation DVD. It's in a folder called the User Manual within the
- 9 resources folder inside the Aperture 3 application bundle. The application
- bundle is actually just a directory structure so you can navigate into it and
- that's where the Apple developer guidelines say it should be.
- On slide 29 is a quote from one of those guidelines that indicates that
- 13 Apple, in the Apple environment, the help files are typically an HTML
- 14 format and are stored in the resources folder of the application bundle and
- 15 you can copy the files from the DVD. Dr. Terveen, this is slide 11, Dr.
- 16 Terveen showed you could do this. He copied it from the DVD to the local
- storage and so did their expert, Dr. Surati, that's on slide 17. He replicated
- 18 the steps that Dr. Terveen took to get it off the DVD on to local storage.
- Now, the DVD, the files that are on the DVD, is also copied to your
- 20 hard drive when you run the installer and that is illustrated also by Dr.
- 21 Terveen. That's on slide 15, and he went through the process of installing it.
- He also confirmed that the copy from the DVD to the hard drive was
- 23 identical.
- Now, another important point is that the files on the DVD existed in
- 25 February, 2010. If you look at slide 18, Dr. Surati, their expert, confirmed

# DOCKET

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

# **Real-Time Litigation Alerts**

Keep your litigation team up-to-date with **real-time** alerts and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## **Advanced Docket Research**

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## **Analytics At Your Fingertips**

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

### API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

#### **LAW FIRMS**

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

#### **FINANCIAL INSTITUTIONS**

Litigation and bankruptcy checks for companies and debtors.

## **E-DISCOVERY AND LEGAL VENDORS**

Sync your system to PACER to automate legal marketing.
