LUMIFY LOVER OF THE MONTH

Meet Dillon Pena

Dillon Pena is a celebrity and editorial makeup artist originally from Western Oklahoma now based in Los Angeles.

Dillon originally hails from the rural village of Canute in Western Oklahoma. His journey in makeup started in Oklahoma City, then Dallas, and eventually New York City where he was chosen to be a member of a top beauty brand's exclusive team. Since then, Dillon has participated in and led shows at New York Fashion Week and worked on the sets of top magazines and television. Dillon is known for creating flawless skin and his attention to detail, and he currently splits his time between Los Angeles and New York City.

Tell us a little bit about yourself!

I'm a celebrity and editorial makeup artist originally from Western Oklahoma now based in Los Angeles.

What kind of look do you usually love to rock?

My style ranges. On set I usually wear all black, on days off I love jeans and t-shirt.

What's your self-care routine?

My self-care routine consist of washing my face morning and night and applying serums and creams on my face and body. When I need to relax a bit more I light a candle and soak in the bath.

What was your reaction the first time you used LUMIFY redness reliever eye drops?

I have to admit, at first, I was skeptical of the hype around LUMIFY. But I'll never forget the first time I used the drops at the end of a really long shoot in the desert. Everyone on set had red, irritated eyes, but after one drop in each eye, the redness was reduced and the drops felt comfortable.

What's your favorite thing about using LUMIFY?

I love using LUMIFY for red eyes personally and on set. Clients who I introduce to LUMIFY love how it reduces redness to help reveal their eyes' natural beauty.
