To the Patent Trial and Appeal Board:

I am lead counsel for Petitioner in IPR2022-00180. In an email dated June 24, 2022, the Board authorized Petitioner to file a motion to submit supplemental information within five business days (i.e., by July 1, 2022). On July 1, 2022, Petitioner filed a motion to submit supplemental information. When Petitioner's counsel prepared the motion, it was 15 pages, as required by 37 CFR 42.24 (a)(1) (v). In the process of preparing the motion for filing, the paralegal for Petitioner's counsel inserted a hard space into the introduction of the motion, and that insertion caused the text of the motion to flow onto a 16th page. Therefore, the motion that was filed on July 1, 2022 has text flowing over onto a 16<sup>th</sup> page. I am emailing to ask the Board either to waive the 15-page requirement for this motion or for leave to file a corrected motion with the hard space removed so that the motion complies with the 15-page limit. I have corresponded with opposing counsel, who has indicated that it does not oppose either waiver of the 15-page limit or granting leave to file a corrected motion.

Thank you,  
Chad
