**Subject:** Scramoge/Google - IPRs

Drew-

As you know, Google and Samsung filed IPR2022-00284 challenging U.S. Patent No. 9,997,962. To the extent the Board institutes the IPR, Google stipulates that it will not pursue any obvious ground that includes the primary reference in this IPR petition (Suzuki) against the asserted claims of the '962 patent in the parallel district court case.

Best regards,  
Bijal
