

DBEW International Design Competition 2003

[Background](#) [Theme](#) [Categories](#) [General rules](#) [Submission](#) [Judging](#) [Prizes](#) [Copyrights & returns](#)

1. All the entrants must register for the competition entry. Registration is completed by entering at the membership through the competition web site. Entrants entering as a group, as well as individuals, must register at the membership to have an ID in order to be eligible to submit their work.
2. Entrants may select one or more items from all items of Category A, B, or C.
3. All markings or labels on the work to be submitted must be in English and Arabic numbers. The metric system must be used for measurements.
4. The principal measurements must be labeled inside the plan (unit millimeters).
5. There cannot be any IDs or names which identify the entrant appearing in front of the work.
6. The entries will be displayed on panels for judging.
(*Do not mount the print-out with any backing.
Panels for all entries will be produced at the competition committee office in exactly the same formats)
7. Your work can be submitted only once, either by mail or on-line.
* Submissions via E-mail are NOT allowed.
8. <Drawing & Image> presentations
 - a. Per each entry, it is limited to submit 5 presentations of A3 (width 420 x length 297mm), and the file size of data for each presentation should be less than 2MB.
 - b. For data files, only DWG (*.dwg), JPEG (*.jpg), PDF (*.pdf), or ZIP (*.zip) compressed from these 3 formats are permitted.
 - c. For DWG files, the 'reference frame' downloadable from the DBEW competition website may be used or referred.
 - d. DWG files should be produced in accordance with the 'pen assignment' provided in the 'reference frame'.
 - e. PDF files must be made in the paper size A3 (width 420 x length 297mm).
9. <REPORT> presentations must be either DOC (*.doc) or TXT (*.txt).
10. The Design Report must be as follows:
 - 1) The Design Report is mandatory for all categories.
 - 2) The Design Report should be in English, no more than 800 words in A4 size paper.
 - 3) The Design Report should include the following:
 - i) The present status and problem analysis of the item design through living situation research.
 - ii) Solution to problems in engineering and marketing
 - iii) Design concept

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
