Hi Victoria

Thank you for the response. I see you at all of the ICFF shows! I would like to purchase the s

Questions - how wide does it expand to and can it be secured on one end?

If so what does the attachment to the wall look like - do you have specs of its mounting?

Can you provide dims of width and largest extension?

Does this sag over time? What is the lifespan of it?

I would probably order as soon as possible.

Best

Tran
