XIII.	JURAT	44

I. INTRODUCTION

1. My name is Michael Shamos. I have been retained as an expert witness by Patent Owner Fintiv, Inc. (“Fintiv” or “Patent Owner”) for this *Inter Partes* Review IPR2022-00976 of U.S. Patent No. 9,982,386 (the “’386 Patent”) filed by Apple Inc. (“Apple” or “Petitioner”). I have been asked to respond to provide this declaration in conjunction with Patent Owner’s Response.

2. I previously submitted a declaration in this proceeding entitled “Declaration Of Michael I. Shamos, Ph.D.,” dated August 23, 2022 (“Initial Declaration,” Ex. 2001), which I incorporate here by reference.

3. In the Petition, I understand that Petitioner is challenging the validity of Claims 1-3 (the “Challenged Claims”) of the ’386 Patent (Ex. APPL-1001), constituting all the claims of the ’386 Patent.

4. I have been asked to consider whether the Challenged Claims of the ’386 Patent would have been obvious to a person of ordinary skill in the art (“POSITA”) as of the date of the invention. I was also asked to review and comment on several technical statements made by Petitioner in the Petition and by its expert, Dr. Henry Houh, in the “Declaration of Dr. Henry Houh, Under 37 C.F.R. § 1.68 in Support of Petition for *Inter Partes* Review,” dated May 5, 2022 (“Houh Declaration, Ex. APPL-1003).

5. This Declaration contains statements of my opinions formed in this case to date and the bases and reasons for those opinions. I may offer additional opinions based on further review of materials in this case, including opinions and/or testimony of other expert witnesses.

II. QUALIFICATIONS

6. This section summarizes my educational background, career history, publications, and other relevant qualifications. My curriculum vitae is attached as Patent Owner's Exhibit 2002, which includes my detailed employment background, professional experience, and list of publications.

7. I have an A.B. degree from Princeton University in Physics, an M.A. degree from Vassar College in Physics, an M.S. degree from American University in Technology of Management, an M.S. degree from Yale University in Computer Science, an M. Phil. from Yale University in Computer Science, a Ph.D. from Yale University in Computer Science, and a J.D. degree from Duquesne University.

8. I currently hold the title of Distinguished Career Professor in the School of Computer Science at Carnegie Mellon University in Pittsburgh, Pennsylvania. I am a member of two departments in that School, the Institute for Software Research and the Language Technologies Institute. I was a founder and Co-Director of the Institute for eCommerce at Carnegie Mellon from 1998-2004 and from 2004-2018 have been Director of the eBusiness Technology graduate

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
