II. PARTIES

17. Smart Mobile is a Delaware limited liability company having a principal place of business at 7600 Chevy Chase Drive, Building 2, Suite 300, Austin, Texas 78752. Smart Mobile develops mobile device software and technologies for scientists and engineers.

18. Upon information and belief, Defendant Apple Inc. is a corporation organized and existing under the laws of California and has one or more regular and established places of business in the Austin, Texas area, including at 12545 Riata Vista Circle, Austin, Texas. In November 2019, Apple stated that it had approximately 7,000 employees in Austin and that it expected to open, in 2022, a \$1 billion, 3-million-square-foot campus with capacity for 15,000 employees. *See* <https://www.apple.com/newsroom/2019/11/apple-expands-in-austin/>. The work done at Apple's location in Texas includes work related to Apple's iPhone products.

19. Upon information and belief, Apple also operates retail stores locations in the Western District of Texas ("WDTX"), including two in Austin, two in San Antonio, and one in El Paso. *See* www.apple.com/retail/. Apple uses, offers for sale, and sells iPhones at these retail stores.

20. Apple may be served with process through its registered agent for service in Texas: CT Corporation System, 1999 Bryan Street, Suite 900, Dallas, Texas 75201.

III. JURISDICTION AND VENUE

21. This is an action for patent infringement, which arises under the Patent Laws of the United States, in particular, 35 U.S.C. §§ 271, 281, 282, 284, and 285. The Court has jurisdiction over the subject matter of this action under 28 U.S.C. §§ 1331 and 1338(a).

22. This Court has personal jurisdiction over Apple because Apple has committed acts giving rise to this action within Texas and within WDTX. Defendant also regularly does business or solicits business in WDTX and in Texas, engages in other persistent courses of conduct and derives substantial revenue from products and services provided in WDTX and in Texas, and has purposefully established substantial, systematic, and continuous contacts with WDTX and Texas and should reasonably expect to be sued in a court in WDTX and Texas. For example, as alleged above, Apple has retail and non-retail locations within WDTX. The website www.apple.com solicits sales of infringing products to consumers in WDTX and in Texas. Given these contacts, the Court's exercise of jurisdiction over Apple will not offend traditional notions of fair play and substantial justice.

23. Venue in WDTX is proper pursuant to 28 U.S.C. §§ 1391(b), (c), and 1400(b) because Apple has regular and established places of business in WDTX, including at 12545 Riata Vista Circle, Austin, Texas, has committed acts within this judicial district giving rise to this action, and Apple continues to conduct business in this judicial district, including making, using offering to sell, selling, and/or importing infringing products and providing support service to Apple's customers in WDTX.
