20. This is an action for patent infringement, which arises under the Patent Laws of the United States, in particular, 35 U.S.C. §§ 271, 281, 282, 284, and 285. The Court has jurisdiction over the subject matter of this action under 28 U.S.C. §§ 1331 and 1338(a).

21. This Court has personal jurisdiction over Samsung because Samsung has committed acts giving rise to this action within Texas and within this judicial district. Defendants regularly do business or solicit business in this District and in Texas, engage in other persistent courses of conduct and derive substantial revenue from products and services provided in this District and in Texas, and have purposefully established substantial, systematic, and continuous contacts within this District and should reasonably expect to be sued in a court in this District. For example, Samsung has offices within this district. The website [www.samsung.com](http://www.samsung.com) solicits sales of infringing products to consumers in this District and in Texas. Given these contacts, the Court's exercise of jurisdiction over Samsung will not offend traditional notions of fair play and substantial justice.
