

1 makes sense, since we are presenting our direct case on a  
2 number of issues that Apple refused to stipulate to.

3 The balance, which we informed Apple yesterday,  
4 is that during today's presentation, when their witnesses  
5 are going, they are going to spend way more time than we do.

6 So we think to it makes sense to revisit this at  
7 the end of the day, see where we're at, and we can have a  
8 discussion at this point.

9 JUDGE BHATTACHARYYA: You don't have an estimate  
10 right now as to how much time Masimo has left? I  
11 understand -- if you don't know, that's fine.

12 MS. SWAROOP: Thank you, Your Honor. We'll work  
13 on getting that number. We've been working on how much time  
14 we have and the spread -- as to what the spread we had  
15 originally projected, and we are in line with that.

16 JUDGE BHATTACHARYYA: Okay. Let's go ahead with  
17 the witness.

18 MR. MUELLER: Thank you, Your Honor. We'll  
19 resume with Dr. Mehra, please.

20 SAAHIL MEHRA,  
21 having been previously duly sworn and/or  
22 affirmed on his oath, was thereafter examined and testified  
23 further as follows:

24 MR. SELWYN: Your Honor, may we begin on the  
25 Apple confidential record, please.

1 JUDGE BHATTACHARYYA: Yes.

2 (Whereupon, the hearing proceeded in confidential  
3 session.)

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
