1 JUDGE HOSKINS: Good morning, everyone.
2 This is Administrative Patent Judge George Hoskins
3 with the Patent Trial and Appeal Board.

4 We're here today for a phone call in
5 three somewhat related proceedings. So they are
6 IPR2022-01291 and 1465, which are more closely
7 related than the third case, which is
8 IPR2022-01299.

9 My two colleagues on the panel for these
10 cases are here today so those are Robert Pollock
11 and Josiah Cocks. And with that, I'm hoping to
12 get some appearances from both parties and we'll
13 start with petitioner. And if you could, as part
14 of your appearance, let us know whether you have a
15 court reporter transcribing this phone call.
16 Thank you.

17 MR. STEPHENS: Thank you, Your Honors.
18 This is Nick Stephens from Fish & Richardson on
19 behalf of petitioner, Apple. I'm here on the call
20 with my colleagues, Andrew Patrick and Kim Leung.
21 All of us are counsel on these proceedings.

22 JUDGE HOSKINS: Thanks. And --

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
