

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

META PLATFORMS, INC.,
Petitioner

v.

THALES VISIONIX, INC.,
Patent Owner

U.S. PATENT NO. 6,922,632

Case No. IPR2022-01305

JOINT REQUEST FOR ORAL ARGUMENT

Pursuant to 37 C.F.R. § 42.70(a), Petitioner and Patent Owner respectfully jointly request oral argument to address the following issues:

1. The patentability challenge to U.S. Patent No. 6,922,632 for the reasons addressed in the Petition and subsequent briefing;
2. Petitioner's and Patent Owner's forthcoming motions to exclude; and
3. Any additional issues on which the Board seeks information or clarification.

The parties jointly request that oral argument be heard in person. Petitioner requests that oral argument take place at the USPTO's Silicon Valley Regional Office in **San Jose, CA**, while Patent Owner requests that oral argument take place at the USPTO's headquarters in **Alexandria, VA**.

The parties jointly request that oral argument for this IPR2022-01305 be combined with oral argument for the two related proceedings of IPR2022-01304 and IPR2022-01308, and that each party be allowed a total of **90 minutes per side** for the consolidated oral argument.

The Board has scheduled oral argument for IPR2022-01304, IPR2022-01305, and IPR2022-01308 (the three of which address two patents related to each other) for the same day as IPR2022-01294, and all four of these IPRs involve the same parties. The parties have discussed and agree that, given the more limited time requested for IPR2022-01294 relative to IPR2022-01304/IPR2022-01305/IPR2022-

01308, it may be most efficient for the Board to hold oral argument on IPR2022-01294 before oral argument on IPR2022-01304/IPR2022-01305/IPR2022-01308.

The parties each request the ability to use audio-visual equipment, including the use of a computer, projector, document camera, and screen.¹ The parties further request that the attorneys at counsel's table be allowed to use computers.

Date: October 27, 2023

Respectfully submitted,

/W. Todd Baker/

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
