Evan Diamond is a partner on our Intellectual Property, Patent, Trademark and Copyright Litigation team. Evan focuses his practice on patent litigation matters, with an emphasis on the pharmaceutical and biotechnology industries. In federal court trials, *inter partes* reviews before the Patent Trial and Appeal Board, and appeals before the Federal Circuit, he has substantial experience representing pharmaceutical and life sciences technology companies through trial victory or to favorable business resolutions for products with hundreds of millions or billions of dollars in annual sales.

Evan has been acknowledged by IAM Patent 1000 as one of the "World's Leading Patent Professionals," and has been recognized for the past five years as a "Top Ranked Intellectual Property Litigation Attorney" and a "Rising Star" by Super Lawyers. Evan speaks and writes extensively on new developments impacting life sciences patents and business concerns for the industry.

Evan brings to his practice a technical background in chemistry and biochemistry, having received an M.S. from the University of Pennsylvania prior to entering the legal field.

Matters

In the first three Final Written Decisions for inter partes reviews in the Hatch-Waxman context, obtained rulings from the PTAB for client Galderma upholding all challenged claims on patents covering Oracea®, a multi-million dollar drug for the treatment of rosacea

Obtained preliminary injunction and then permanent injunction against launch of a generic version of Oracea®, which was upheld by the Federal Circuit on appeal

Obtained favorable claim construction in second-filer Hatch-Waxman litigation regarding Oracea®, resulting in withdrawal of Paragraph IV challenge before trial

Obtained decision upholding validity of key patent in bench trial in District of New Jersey regarding Hatch-Waxman dispute for Merck's drug Emend® for Injection, for nausea and vomiting due to highly emetogenic chemotherapy

regarding Lexapro® (Forest Labs and Lundbeck), Namenda® (Forest Labs and Merz), Targretin® (Eisai and Valeant), and Amitiza® (Sucampo)
