DECLARATION OF ALAIN MUNAFO, Ph.D.

I, Alain Munafo, Ph.D., declare as follows:

I. INTRODUCTION

- 1. I am over eighteen years of age, and I am competent to testify as to the matters set forth herein if I am called upon to do so.
- 2. I submit this Declaration on behalf of Merck Serono S.A. ("Patent Owner") for consideration by the Patent Trial and Appeal Board in the following *Inter Partes* Review proceedings: IPR2023-00049 ("'049 IPR") and IPR2023-00050 ("'050 IPR"). I understand that the '049 IPR corresponds to *Inter Partes* Review of U.S. Patent No. 7,713,947 ("the '947 patent") (Ex. 1001) and the '050 IPR corresponds to *Inter Partes* Review of U.S. Patent No. 8,377,903 ("the '903 patent") (Ex. 1002).
- 3. I am being compensated for my time in preparing this declaration at my usual consulting rate of 450 Swiss Francs per hour. My compensation is in no way contingent on the substance of my testimony or the outcome of this or any other proceeding.
- 4. I am a named co-inventor of both the '947 patent and the '903 patent. When U.S. Provisional Application No. 60/638,669 and European Provisional Application No. EP04106909, to which the '947 patent and the '903 patent claim priority, were filed on December 22, 2004, and for more than two years before

then, I was working with other co-inventors of the '947 patent and the '903 patent to design and develop an oral dosing regimen for cladribine."

- 5. I am providing this declaration as a co-inventor of the '947 patent and the '903 patent and as someone knowledgeable about the relationship and joint research and development agreement between the teams at Serono¹ and IVAX.²
- 6. I have reviewed copies of U.S. Pat. No. 7,888,328 ("Bodor '328") and PCT Application WO 2004/087101 ("Bodor PCT") which were provided to me by counsel. I understand Bodor '328 is numbered Ex. 1029 in both IPRs and the Bodor PCT is numbered Ex. 1007 in both IPRs. Bodor '328 and the Bodor PCT each name Drs. Bodor and Dandiker as co-inventors.
- 7. Bodor '328 includes the following disclosure of a regimen for treating multiple sclerosis (MS) using cladribine:

² I understand that IVAX Corporation is an affiliate of IVAX International GmbH.

I collectively refer to IVAX Corporation and IVAX International GmbH as

"IVAX" throughout this declaration.

¹ Serono S.A. is a subsidiary of Patent Owner, Merck Serono S.A. I collectively refer to Ares Trading S.A., its parent Serono S.A., and their other affiliates including Serono International S.A. and Serono Inc., between 2002 and 2004, as "Serono" throughout this declaration.

At the present time, it is envisioned that, for the treatment of multiple sclerosis, 10 mg of cladribine in the instant complex cladribine-cyclodextrin complex in the instant solid dosage form would be administered once per day for a period of five to seven days in the first month, repeated for another period of five to seven days in the second month, followed by ten months of no treatment.

8. Bodor '328 (and the Bodor PCT) also include a disclosure of an "alternative" regimen for treating multiple sclerosis (MS) using cladribine:

Alternatively the patient would be treated with 10 mg of cladribine in the instant complex cladribine-cyclodextrin complex in the instant dosage form once per day for a period of five to seven days per month for a total of six months, followed by eighteen months of no treatment.

'049 Ex. 1029, 13:25-30; '050 Ex. 1029, 13:25-30; '049 Ex. 1007, 23:20-24; '050 Ex. 1007, 23:20-24.

9. The Bodor PCT also includes a reference to two provisional applications apparently filed by IVAX. '049 Ex. 1007, 23:24-29; '050 Ex. 1007,

- 23:24-29. I was not aware of these provisional applications. And I do not know their subject matter.
- 10. In addition to my recollection and my review of Bodor '328 and the Bodor PCT, I reviewed the materials cited herein, which refreshed my memory about some details of what occurred from 2002 to 2004.
