2 P R O C E E D I N G S

3 THE TECHNICIAN: Thank you to everyone for
4 attending this proceeding remotely, which we
5 anticipate will continue to run smoothly.

6 Please remember to speak slowly and do
7 your best not to talk over one another.

8 Please be aware that we're recording this
9 proceeding for backup purposes. Any off-the-record
10 discussions should be had away from the computer, and
11 please remember to mute your mike for those
12 conversations.

13 Please have your video enabled to help the
14 reporter identify who is speaking. If you are unable
15 to connect with video and you're connecting via phone,
16 we just ask that you identify yourself each time
17 before speaking.

18 We'll provide a complimentary unedited
19 recording of the deposition with the purchase of a
20 transcript. I apologize in advance for any technical-
21 related interruptions. Thank you.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
