**Date:** Wednesday, May 17, 2023 11:58:16 AM

---

Counsel:

Regeneron represented to the Court that it will proceed to trial in June on no more than 12 patent claims. Consistent with its representation and the parties' recent correspondence on this issue, Regeneron hereby elects to proceed to trial in June on the following patent claims:

U.S. Patent No. 10,888,601: Claims 11, 19  
U.S. Patent No. 11,084,865: Claims 4, 7, 9, 11, 14-17  
U.S. Patent No. 11,253,572: Claims 6, 25

Following Regeneron's election to proceed with these claims for trial in June, Mylan's pending motion for summary judgment is moot with respect to all challenged claims other than claim 6 of U.S. Patent No 11,253,572. Please confirm that Mylan will so notify the Court of the status of its summary judgment motion.

Best,  
Teagan
