Honors,

respect to IPR2024-00317, we had reached out to Patent Owners prior to filing our motion for joinder. As set forth in our motion, Patent Owner does not request joinder subject to Petitioners taking an “understudy” role and not requesting changes to the scheduling order – we have agreed to both.

respect to IPR2024-00315, Petitioners have not yet reached out to Patent Owner to discuss joinder, but had intended to do so in the near future.

re happy to schedule a conference, but respectfully suggest that a call at this time would be premature. If the Board permits, we will reach out to Patent er and revert with an update after we've met and conferred. But should the Board prefer to schedule a conference, we will respond with availability for all sel.

ectfully,  
glass

nsel:

Board would like to have a call with the parties in IPR2024-00317. Please respond via e-mail providing the availability of the parties for the call. Also, the Board would like to have a call with the parties regarding a possible Motion for Joinder in IPR2024-00315. If convenient for the parties, the Board is willing to address issues in both IPR2024-00315 and IPR2024-00317 during a single call. If the parties would like a single call for both proceedings, please also indicate that preference in the responsive e-mail.

Since it is helpful, the Board would like to have the call in IPR2024-00317 to inquire as to whether Patent Owner plans to file an Opposition.

ject: IPR2024-00317 Joinder to IPR2024-00135

**CAUTION:** This email has originated from a source outside of USPTO. PLEASE CONSIDER THE SOURCE before responding, clicking on links, or opening attachments.

Honorable Board,

lead counsel for Petitioners Samsung Electronics America, Inc., et al. (“Samsung”) in IPR2024-00317. I am writing to the Board pursuant to Trial Practice Guide section on Motions for Joinder, which requires that “[a] party who files a motion for joinder should arrange a conference call with the panel, petitioner, and patent owner of the first proceeding within five business days of filing the motion.”

Samsung’s Petition in IPR2024-000317 is substantively identical to the Petition filed in IPR2024-0135, which was instituted on April 1, 2024. Samsung filed today a motion to join the IPR2024-0135 proceeding. Pursuant to the TPG, we are writing to notify the Board of the joinder motion. I have copied both Petitioners’ and Patent Owner’s counsel from IPR2024-00135 on this email, as well as counsel of record in IPR2024-000317. To the extent the Board wishes to schedule a conference call, we will revert with availability.

Respectfully,  
  
Matthew M. Glass
