

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

MICROSOFT CORPORATION,
HP INC., DELL INC., DELL TECHNOLOGIES INC.,
ASUSTEK COMPUTER INC., ASUS GLOBAL PTE. LTD.,
Petitioners,

v.

LITL LLC,
Patent Owner.

Case No. IPR2024-00457
Patent No. 9,880,715

NOTICE OF STIPULATION

The parties submit this stipulation pursuant to the Board's request that the parties do so in the Board's email dated June 25, 2024, which is attached as Exhibit A.

The parties to this IPR2024-00457 are the same as in IPR2024-00456. In IPR2024-00456, Patent Owner argued in its Patent Owner Preliminary Response ("POPR") that the petition is time barred because Petitioner Microsoft is in privity with Lenovo. Paper No. 11 (Patent Owner's Preliminary Response) at 4-21. At Petitioners' request, the Board authorized additional briefing on that issue, and that briefing has been completed. *See* Paper No. 15 (Petitioners' Preliminary Reply) and Paper No. 18 (Patent Owner's Preliminary Sur-Reply) (together, arguments regarding the privity time bar issue in Paper Nos. 11, 15, and 18 in IPR2024-00456 are referred to herein as "Privity Briefing").

In this IPR2024-00457, Patent Owner similarly argued in its POPR that the petition is time barred because Petitioner Microsoft is in privity with Lenovo. Paper No. 11 at 2-13. The parties stipulate with respect to the privity time bar issue that the facts and issues in IPR2024-00457 are the same as in IPR2024-00456, so that any decision the Board reaches resolving the privity time bar issue in IPR2024-00456 will apply and resolve the privity time bar issue in IPR2024-00457 in the same manner. To the extent the Board does not reach a decision on the privity time bar issue in IPR2024-00456, the parties stipulate that the Board may

rely on the Privity Briefing in IPR2024-00456 in deciding the privity time bar issue in this IPR2024-00457.

Respectfully submitted,

/Jessica Kaiser/

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
