# iPhone 6 Plus Teardown

## Teardown

Teardowns provide a look inside a device and should not be used as disassembly instructions.

## Featured Guide

This guide has been found to be exceptionally cool by the iFixit staff.

Over the years, we've seen the iPhone evolve—and grow. It began as just the iPhone. Soon it learned how to 3G, it gained an S (it would lose and gain this every other year), and it even learned to read fingerprints. Years of hard work and dedication have made the iPhone into what it is today, the iPhone 6 Plus. Join us live as we explore this gargantuan iPhone 6 Plus.

**Oh, were you looking for the normal-sized iPhone 6 teardown? We've got that, too.**

This year we're doing the iPhone 6 Plus in English, [Français](#), [Deutsch](#), [Español](#), [Italiano](#), [Nederlands](#), [Русский](#), and [中文](#).

Follow us on [Facebook](#), [Instagram](#), or [Twitter](#) for all the latest teardown news.

We have not been able to archive the video associated with this YouTube page.

## iPhone 6 Plus

Released on September 19, 2014, this 5.5" screen iPhone is the larger version of the iPhone 6.
