**UNITED STATES PATENT AND TRADEMARK OFFICE (USPTO)  
OFFICE ACTION (OFFICIAL LETTER) ABOUT APPLICANT'S TRADEMARK APPLICATION**

**APPLICATION SERIAL NO.** 79087045

**MARK:** GLYDE

**\*79087045\***

**CORRESPONDENT ADDRESS:**

JULIA C ARCHER  
ENNS & ARCHER LLP  
939 BURKE STREET  
WINSTON-SALEM, NC 27101

**GENERAL TRADEMARK INFORMATION:**  
<http://www.uspto.gov/main/trademarks.htm>

**APPLICANT:** Parnell Technologies Pty Ltd

**CORRESPONDENT'S REFERENCE/DOCKET  
NO:**

1050-068.001

**CORRESPONDENT E-MAIL ADDRESS:**

jarcher@ennsandarcher.com

**REQUEST FOR RECONSIDERATION DENIED**

**ISSUE/MAILING DATE: 8/9/2012**

**INTERNATIONAL REGISTRATION NO. 1050296**

The trademark examining attorney has carefully reviewed applicant's request for reconsideration and is denying the request for the reasons stated below. *See* 37 C.F.R. §2.64(b); TMEP §§715.03(a), 715.04(a). The requirement(s) and/or refusal(s) made final in the Office action dated 01/27/2012 are maintained and continue to be final. *See* TMEP §§715.03(a), 715.04(a).

In the present case, applicant's request has not resolved all the outstanding issue(s), nor does it raise a new issue or provide any new or compelling evidence with regard to the outstanding issue(s) in the final Office action. In addition, applicant's analysis and arguments are not persuasive nor do they shed new light on the issues. Accordingly, the request is denied.

The marks are phonetic equivalents. The registrant's mark has a generic addition to the mark and the goods could overlap. The goods are veterinary preparations and pharmaceuticals used to reduce inflammation.

The registration encompasses the application as to creatures treated, as well as delivery method.

The examining attorney attaches evidence in the nature of trademark registrations as well as excerpts from the Internet to show that the goods of the parties are related. The evidence is intended to support the likelihood of confusion refusal.

The filing of a request for reconsideration does not extend the time for filing a proper response to a final Office action or an appeal with the Trademark Trial and Appeal Board (Board), which runs from the date the final Office action was issued/mailed. *See* 37 C.F.R. §2.64(b); TMEP §§715.03, 715.03(a), (c).

If time remains in the six-month response period to the final Office action, applicant has the remainder of the response period to comply with and/or overcome any outstanding final requirement(s) and/or refusal(s) and/or to file an appeal with the Board. TMEP §715.03(a), (c). However, if applicant has already filed a timely notice of appeal with the Board, the Board will be notified to resume the appeal when the time for responding to the final Office action has expired. *See* TMEP §715.04(a).
