For 2016, HomeCare Elite has annually identified the top 25 percent of agencies and highlights the top 100 and top 500 agencies overall.

The ranking is developed by ABILITY® Network, a leading information technology company helping providers and payers simplify the administrative and clinical complexities of healthcare, and sponsored by Decision Health, publisher of *Home Health Line*, *The Complete Home Health ICD-10-CM Diagnosis Coding Manual* and *The Home Health Coding Center*.

"Improving quality of care and the patient experience continue to underpin a rapidly evolving healthcare environment," said Christine Lang, Senior Director, Product Management, for ABILITY Network. "At the same time tracking, measuring and interpreting data that support these efforts is becoming more complex. The 2016 HomeCare Elite winners have demonstrated the highest-quality care in their communities, which is a remarkable achievement. We congratulate Beebe Healthcare Home Care on being one of the top 500 home care agencies in the country."

Dana Warrington RN, Director of Beebe Home Care Services credits the staff's commitment to excellence and its compassion for patients and their families for Beebe's ability to achieve recognition as one of the HomeCare Elite.

"I can honestly say that the staff truly love what they do each and every day and will accept nothing less than providing the very best care to those we serve in the community," She said. "We are honored to have received this award for five consecutive years."

"We are proud to recognize the top 500 HomeCare Elite agencies for demonstrating a commitment to improving quality patient care at low costs. The clinical best practices and data tracking skills these agencies have implemented can position them for future success in government programs such as value-based purchasing and star ratings," said Marci Heydt, Senior Content Manager, DecisionHealth. Winners are ranked by an analysis of publicly available performance measures in quality outcomes, best practice (process measure) implementation, patient experience (Home Health CAHPS®), quality improvement and consistency, and financial performance. In order to be considered, an agency must be Medicare-certified and have data for at least one outcome in Home Health Compare. Out of 9,406 agencies considered, 2,353 are recognized on the 2016 HomeCare Elite winners list overall.

The entire list of 2016 HomeCare Elite agencies can be downloaded by visiting the ABILITY Network website at [abilitynetwork.com/homecare-elite/](http://abilitynetwork.com/homecare-elite/). ABILITY® Network is a leading healthcare information technology company helping

providers and payers simplify the administrative and clinical complexities of healthcare through innovative applications and data analytics. Candidates for home health care include, but are not limited to:

- Anyone under the care of a physician who is medically unstable or requires a great deal of assistance to leave their home and needs skilled care

- Anyone under the care of a physician who is medically unstable or requires a great deal of assistance to leave their home and needs skilled care
- Anyone who is about to be discharged from a hospital or nursing home and needs additional skilled care
- Anyone who is recovering from outpatient surgery and needs short-term skilled care at home
- Anyone with an unstable chronic health problem, such as congestive heart failure, kidney disease, diabetes or respiratory disease

## Specialized home care services

|   |   |
|---|---|
| <b>Diabetes Self-Management</b>           | This program is designed for Type I and Type II or gestational diabetes. During your initial visit the nurse will develop a plan designed to meet your individual needs. From there we work with your primary care provider to plan diabetes care and education that will assist you in learning to manage your diabetes and control blood sugar levels.                                      |
| <b>Cardiac / Congestive Heart Failure</b> | Under the direction of your physician, our staff provides clinical assessment, vital sign monitoring, instruction on disease process, therapy and energy conservation. Psychosocial assessment and support is also provided for individuals with a cardiac diagnosis.   |
| <b>Orthopedics / Rehabilitation</b>       | We provide adult and pediatric certified therapists for your in-home physical, occupational and speech therapy needs. Trained professionals help you regain strength, endurance and motor skills lost by injury, illness, post-joint replacement or stroke. Speech therapists are available to help you with speech and hearing impairments, swallowing disorders and communication deficits. |
| <b>Wound &amp; Ostomy Care</b>            | Beaumont's specialized wound care nurse will assess and treat skin conditions, ostomy function, open wounds, bowel/bladder function and nutritional needs. Our Home Care nurses are trained and skilled with Wound Vac Therapy and can assist with equipment and supply needs.  |

|                                     |   |
|-------------------------------------|---|
| <b>Infusion Therapy</b>             | Assist with the management of your infusion/nutrition needs in the comfort of your home. We provide home infusion therapy for chemotherapy, pain management, nutritional therapy (total parenteral nutrition and tube feedings), antibiotics and other medications.   |
| <b>Vestibular Rehabilitation</b>    | An alternative form of treatment involving exercise designed to decrease dizziness and increase balance and activity levels. We serve patients with unresolved inner ear disorders and other neurological disorders like stroke, Parkinson's Disease and head injuries. Patients who have undergone surgery, or who have acute or abrupt loss of vestibular function can also benefit from vestibular rehabilitation. |
| <b>Deep Vein Thrombosis Therapy</b> | Under the direction of your physician, we provide coagulation (blood) monitoring in the home. Results are immediately reported to your physician.   |

## Overview

Through the Aurora at Home program, you'll have access to professional caregivers including nurses, physical and occupational therapists, speech therapists, social workers and home health aides – all in the comfort of your own home.

Aurora at Home caregivers generally work between 8 a.m. and 4:30 p.m., but we offer 24-hour coverage. If you experience a problem during the night, you can speak with a nurse over the phone. If the problem can't be fixed over the phone, we'll send a nurse out to see you.

## Nurses

Registered nurses and licensed practical nurses are available around the clock, and care is provided under the direction of a doctor.

Home health care services performed by a nurse include:

Home health care services performed by a nurse include:

- Patient education
- Family instruction
- Medication supervision
- Injections

- Chronic disease management
- Heart and blood pressure monitoring
- Nutritional counseling
- **Infusion Therapy**
- Telehealth

---

## Therapists

Therapists work with you in your home to improve your quality of life and achieve the highest level of independence possible.

Home therapy services include:

- Occupational therapy
- Speech therapy
- Breathing treatments
