REQUEST FOR RECONSIDERATION AFTER FINAL ACTION DENIED

Issue date: June 7, 2023

Applicant's request for reconsideration is denied. See 37 C.F.R. §2.63(b)(3). The trademark examining attorney has carefully reviewed applicant's request and determined the request did not: (1) raise a new issue, (2) resolve all the outstanding issue(s), (3) provide any new or compelling evidence with regard to the outstanding issue(s), or (4) present analysis and arguments that were persuasive or shed new light on the outstanding issue(s). TMEP §§715.03(a)(ii)(B), 715.04(a).

Accordingly, the following requirement(s) and/or refusal(s) made final in the Office action dated November 8, 2022 are **maintained and continued**:

- Section 2(d) Likelihood of Confusion Refusal

See TMEP §§715.03(a)(ii)(B), 715.04(a).

SECTION 2(d) REFUSAL – LIKELIHOOD OF CONFUSION

After careful review of the request for reconsideration and the examining attorney is not persuaded by the applicant's arguments.

The applicant contends the goods are different and that the evidence presented was inaccurate because the evidence consisted of bakeries that have a restaurant operation. The examining attorney maintains that the evidence was an accurate demonstration of showing how the registrant's baked goods are related and travel in the same trade channels to applicant's pizza.

As an initial matter, the attached evidence from Bakerpedia.com, states that "Pizza is a one of the most widely consumed savory bakery products". The applicant argues that pizzas are different because pizza is not considered a baked good, however, this evidence shows that some do consider pizza to be a type of bakery product. Further, as stated in the Final Office Action, the test is whether the goods are related. They need only be "related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the goods and/or services] emanate from the same source." *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i); see *Made in Nature, LLC v. Pharmavite LLC*, 2022 USPQ2d 557, at *44 (TTAB 2022) (quoting *In re Jump Designs LLC*, 80 USPQ2d 1370, 1374 (TTAB 2006)). The fact that the goods and/or services of the parties differ is not controlling in determining likelihood of confusion. The issue is not likelihood of confusion between particular goods and/or services, but likelihood of confusion as to the source or sponsorship of those goods and/or services. *In re Majestic Distilling Co.*, 315 F.3d 1311, 1316, 65 USPQ2d 1201, 1205 (Fed. Cir. 2003); *In re Shell*

Oil Co., 992 F.2d 1204, 1208, 26 USPQ2d 1687, 1689 (Fed. Cir. 1993); TMEP §1207.01.

Secondly, the previously attached evidence demonstrated that pizza is a commonly sold item with other baked goods at bakeries. The applicant contends it shows the mark used in connection with restaurants that sell both pizza and bakery products. Some bakeries attached in the evidence in this Action as well as the Final Action, sell baked goods and pizza to go as well as on premises, such as the applicant's pizza which is to be consumed on premise per their identification. Therefore, it is logical to assume that the establishment in which the applicant's pizza will be sold is in connection with a restaurant where they provide pizza. The evidence provided is similar to the applicant's own operation. Please see the additional evidence where it shows numerous bakeries providing pizza as well as other bakery products.

The trademark examining attorney has attached evidence from the USPTO's X-Search database consisting of a number of third-party marks registered for use in connection with the same or similar goods and/or services as those of both applicant and registrant in this case. This evidence shows that the goods and/or services listed therein, namely bakery goods, baked goods, breads (a type of baked goods) and pizza, are of a kind that may emanate from a single source under a single mark. *See In re I-Coat Co.*, 126 USPQ2d 1730, 1737 (TTAB 2018) (citing *In re Infinity Broad. Corp.*, 60 USPQ2d 1214, 1217-18 (TTAB 2001); *In re Albert Trostel & Sons Co.*, 29 USPQ2d 1783, 1785-86 (TTAB 1993); *In re Mucky Duck Mustard Co.*, 6 USPQ2d 1467, 1470 n.6 (TTAB 1988)); TMEP §1207.01(d)(iii).

Third, the applicant contends the term HIGH FIVE is weak in relation to food products. The examining attorney disagrees. The term HIGH FIVE is not weak as it related to pizza and baked goods. There are no other registrations with related goods and services. For example, registrant's pet food in Registration No. 3979434 is not related to the applicant's or registrant's goods in this instant case. The same applies to registration 46771892, HIGH FIVE RAMEN, in which the mark clearly shows they are providing ramen in their restaurant services which is not related to goods in this instant case. Further it is noted that prior decisions and actions of other trademark examining attorneys in applications for other marks have little evidentiary value and are not binding upon the USPTO or the Trademark Trial and Appeal Board. TMEP §1207.01(d)(vi); *see In re USA Warriors Ice Hockey Program, Inc.*, 122 USPQ2d 1790, 1793 n.10 (TTAB 2017).

Lastly, the applicant has presented a case that is not precedential in determining whether pizza and bakery goods are related. The evidence attached in this instant case, clearly shows the goods are related. Further, each case is decided on its own facts, and each mark stands on its own merits. *In re Cordua Rests., Inc.*, 823 F.3d 594, 600, 118 USPQ2d 1632, 1635 (Fed. Cir. 2016) (citing *In re Shinnecock Smoke Shop*, 571 F.3d 1171, 1174, 91 USPQ2d 1218, 1221 (Fed. Cir. 2009); *In re Nett Designs, Inc.*, 236 F.3d 1339, 1342, 57 USPQ2d 1564, 1566 (Fed. Cir. 2001)).

Therefore, Section 2(d) Likelihood of Confusion is maintained FINAL.

If applicant has already filed an appeal with the Trademark Trial and Appeal Board, the Board will be notified to resume the appeal. *See* TMEP §715.04(a).

If applicant has not filed an appeal and time remains in the response period for the final Office action, applicant has the remainder of that time to (1) [file another request for reconsideration](#) that complies with and/or overcomes any outstanding final requirement(s) and/or refusal(s), and/or (2) [file a notice of appeal](#) to the Board. TMEP §715.03(a)(ii)(B).

Pizza

What is Pizza?

Pizza is a one of the most widely consumed savory bakery products in the world. It is a type of flatbread commonly topped with tomato sauce and cheese. Today, it's become an extremely convenient food product, with sales of over \$37 billion annually just in the US alone.¹

Types differ based on toppings or crust volume.²

- Traditional crust: is not too thin or thick, with a solid structure.
- Deep dish: also known as pan pizza, with a thick and dense crust.
- New York style: characterized by its extremely thin crust.
- Calzone: folded pizza filled with classic toppings.
- Sweet: classic pizza crust topped with chocolate spread, fruits or nuts.

Origin

A type of flatbread similar to pizza is thought to have been produced by the Phoenicians, Romans or Greeks.¹

Today's version may have originated in Italy in 1889. During a visit of King Umberto and Queen Margherita di Savoia, a neapolitan baker named Raffaele Esposito produced a pizza with tomato sauce, mozzarella cheese and basil to simulate the colors of the Italian flag. Italians brought it to the US in the beginning of the 20th century, and in 1905 the first American pizza place opened in New York City.³

Nutrition

Typical nutritional value per 100 g serving is:³

Component	Grams
Water	47.8
Carbohydrate	30.5
Lipid	11.5
Protein	10.2

Pizza is high in fat and carbohydrates. It provides 265 kcal per 100 g and is considered highly caloric.³

Show More

Pizza can be industrially produced through the following process.⁴

- **Kneading:** flour and water are mixed together in a removable stainless steel bowl. Other ingredients like sugar, starch and yeast are added manually.
- **Lamination:** the dough is laminated with several rollers to reduce its thickness. The obtained sheet is introduced to the cutting machine to produce different shape bases.
- **Topping:** the toppings like tomato sauce, cheese and others are automatically added to the bases.
- **Baking:** the pizzas are placed on a conveyor belt and passed through the baking oven at 150-232 °C (300-450 °F).
- **Packaging:** pizzas are flow-packed and sealed in an automatic packaging machine.

Common Ingredients

Pizza's essential ingredients are:²

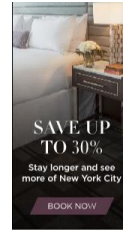

Ingredient	Usage level	Characteristic
Flour	~59%	Fresh: <12% protein content.
		Frozen: 11-14% protein content.
		It has to be elastic and extensible.
Water	~36%	Excessive water: sticky dough Inadequate: bucky dough, difficult to stretch.
Yeast	1-2% fresh	Mixing should be done at 24 °C (75 °F).
	3-4% frozen	
Salt	1.5-2%	
Sugar	Fresh: 3-6%	Provides food for the yeast and water retention.
	Frozen: 8-10%	
Shortening	0.7-1%	Required for improvements of frozen dough .
Ascorbic acid	70-100 ppm depends on flour weight.	Improve structure and volume.
Cheese	As required	Typically mozzarella cheese is used.
		Other cheeses can be used that have elasticity and stringy body.
Tomato sauce		Another core ingredient of basic pizza.

Processing conditions

Optimum cooking temperature for a roman pizza in a wood fired oven is between 325-330 °C (617-626 °F) for 2 min. However, these temperatures can't be accomplished in household ovens. So, the highest safe temperature setting should be used.

Frozen or refrigerated pizza typically undergoes a cryogenic process with liquid nitrogen or mechanical refrigeration with an air blast. Another alternative may be the use of modified atmosphere packaging.

Regulations

Pizza is not specifically regulated by the FDA. However, the regulation status of its core ingredients wheat flour, cheese, and tomato sauce are established as GRAS.

In the EU, pizza is also not regulated as a direct item. However, its core ingredients are regulated by the EU Commission. The EU Commission 97/2010 exists for the register of traditional Neapolitan Pizza.⁵

Hello - for pizza that is par-baked then frozen, do you recommend frozen dough ingredients or regular ingredients mentioned above? I assume regular pizza?

OUR LOAVES ARE THE BEST THING SINCE, WELL SLICED BREAD!

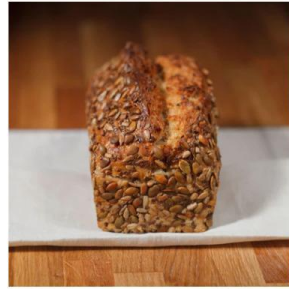

We're passionate about our breads - you might even say they're our bread and butter. From light and crusty loaves to dense loaves filled with seeds, grains and fruit, we've got a little something for everyone. And for those of you who don't like to be considered "everyone," we have something for you too.

Bread & Pastries

At Bread & Roses Bakery, we care about making healthy, delicious breads and pastries with fresh, locally-sourced ingredients, including Camas Country Mill's organic flour, much of which is grown locally in the Willamette Valley.

Our selection of breads and pastries rotates based on the season and available ingredients.

Items are available each day on a first-come, first-served basis.

Organic Breads

Breads in our regular rotation include:

- Not quite white
- Country white
- Caraway rye
- Bremen
- Sesame spelt
- French baguettes
- Ciabatta
- Struan
- Semolina sourdough

Pastries

We regularly offer pastries such as:

- Celestial snails (cream cheese, lemon curd and fresh fruit)
- Cinnamon roses (our version of the cinnamon roll but more interesting)
- Bubbly pies (Marion berries, blue berries and apples)
- Apple raspberry foldovers (apples, raspberry jam with brown sugar oatmeal crumble)
- Bear paws (puff pastry filled with almond cream)
- Chocolate croissants
- Plain croissants
- Sweet maple pillows (with chocolate and almonds)
- Maple bacon pillows (nitrite-free bacon and chocolate)
- Goat cheese and prosciutto croissants
- Smoked salmon croissants
- Herb garden pillows (herb cream cheese with roasted cherry tomatoes and sweet peppers)

River to River Bakery & Pizza

River to River Bakery & Pizza, located on the west side of Adel's historic courthouse square, opened as Brick Street Bakery in 2016.

We make fresh doughnuts, breads, bagels and other pastries from scratch every day of the week and serve fresh, locally roasted coffee from our friends at Raccoon Forks Foods in Ames. In 2020, we started making pizza and selling slices during lunch and in 2021 expanded into the evenings and now offer evening pizza delivery within Adel.

Our appreciation for history (the Bakery's patio was built with bricks once used as pavement for streets around the courthouse square) helped inspire our choice of the name River to River. The old River to River Road created the first direct route, through Main Street along the square in Adel, from the Missouri River to the Mississippi and greatly contributed to the good roads movement in Iowa.

As a [Raccoon Forks microbusiness](#), River to River Bakery & Pizza provides job opportunities to individuals with disabilities and other barriers to employment. Employees at the Bakery receive one-on-one job coaching and the support they need to build skills and be successful on the job.

BOCA ARGENTINE BAKERY & PIZZERIA

All-day cafe Boca Argentine Bakery and Pizzeria brings Buenos Aires to Capitol Hill

A new Seattle pizza, lunch and bakery spot on Capitol Hill. Great sandwiches, pastries, desserts, salads, and of course, pizza.

"The medialuna is what I was missing" from childhood, says Casas-Beaux, in full raconteur mode. "In Argentina, we don't eat the eggs, we don't do bacon." After he emigrated from Italy to a coastal town south of Buenos Aires, childhood mornings (or his midday breaks from school) involved two medialunas and an espresso.

Breakfast, coffee, lunch, dinner, beer and wine!

And **pizza**.

The fugazeta is another souvenir from Casas-Beaux's upbringing. Consider it criminal Seattle had to live this long without our own outpost for **Argentina's signature pizza**, born of the country's Italian ties. Its thick, fermented crust and edges of caramelized cheese date back to the 1890s but are very on point for 2022 pizza culture. On top: oceans of gooey mozzarella italia, olive oil, and the lightest of caramelized onions. That's it. Maybe a decorative sprig of oregano.

"The **pizza** weighs like two and a half pounds," exclaims Casas-Beaux. It also bears a striking resemblance to Detroit-style pies. It's pizza greatness, best consumed inside Boca's languid cafe

Seattle Pizza, Bakery, Cafe, Lunch, Dinner! Dine in, Takeout, Delivery, 10am - 10pm Thursday - Saturday, 10am - 5pm Tues - Wed & Sunday, closed Monday

🕒 **HOURS: MONDAY CLOSED, TUES - WED 10AM - 5PM, THURSDAY - SATURDAY 10AM - 10PM, SUNDAY 10AM - 5PM**

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on June 7, 2023 for
U.S. Trademark Application Serial No. 88244151

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action to avoid your application abandoning. Follow the steps below.

- (1) **[Read the Office action](#)**. This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS) or the Electronic System for Trademark Trials and Appeals (ESTTA), as appropriate. Your response and/or appeal must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response deadline. Otherwise, your application will be **[abandoned](#)**. See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- **[Check the status of your application periodically](#)** in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- **[Update your correspondence email address](#)** to ensure you receive important USPTO notices about your application.
- **[Beware of trademark-related scams](#)**. Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. Verify the correspondence originated from us by using your serial number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
