AGREED MOTION TO AMEND APPLICATION

Applicant, Thompson Law LLC (“Applicant”) hereby moves that the identification of services in its pending application, SN 88/811,041 be amended by the Board to read as follows: legal services, namely, personal injury law services.

Application SN 88/811,041 currently covers: “legal services” in class 45.

The agreed upon amendment narrows this identification by adding the limitation “namely, personal injury law services.”

Class 45: Legal service, namely personal injury law services.

Opposer, Aslan Law P.C. (“Opposer”) has consented to this amendment and agrees that this amendment together with the other terms in the Consent Agreement between the parties will resolve the issues between the parties.

Opposer has agreed to this amendment as a resolution of the issues in this opposition. Once an order granting this Agreed Motion and making the amendment is entered, Opposer has agreed that the opposition will be dismissed, and the application can proceed to registration for the amended services.

Therefore, for the reasons set out above, Applicant requests that this motion be granted and the application amended as set out above.
