BY: LAURA GENOVESE MILLER, ESQ.

ROBERT LANG,

having been first duly sworn by the
Notary Public (April Pearl Schirm), and
stating his business address as P.O. Box
361, Cross River, New York 10518, was
examined and testified as follows:

(Exhibits A and 1 through 17, marked
for identification.)

THE WITNESS: For the record,
Exhibit A, my statement in this subject
matter, is the truth, the whole truth and
nothing but the truth.

MS. MILLER: Do you have anything
else that you want to put into the record
before I move to my part?

THE WITNESS: No.

MS. MILLER: Before I start with the

cross-examination, I just want to note my objections on the record to the following exhibits as not having been produced in the course of discovery, and therefore, I object to their appearance at this deposition.

And they are Exhibit 5, Exhibit 6 Exhibit 7, Exhibit 9, Exhibit 13, Exhibit 14, Exhibit 15, Exhibit 16 and Exhibit 17. I'm also objecting to Exhibit 10 because information relating to a different version of this exhibit was requested in the course of discovery and was not provided. And for that reason, I'm going to object and move to strike all of those exhibits.

THE WITNESS: Actually, those exhibits -- there's two things, first off, a large number of those exhibits are invoices and to be very honest with you, we simply, in the original discovery, had never thought of invoices as a source of information, just as, for the record, you didn't either. Melissa provided me with none of the invoices that we had sent her. To that extent, we probably both made the same error. And I see no reason

why an objection should be sustained because I don't think it interferes -- in other words, if you had this information before, it wouldn't have changed anything. There is no difference that you can have.

Exhibit 17, the Googling, that was something which we just happened to think of afterwards. And, again, this is information that has always been available. So you know, in other words, I don't think we've hidden anything from you that would materially affect your case in any way. And we didn't intentionally withhold anything from you. Just as it developed, the Googling was actually a matter of just trying to present a case. Here is a way to prove our case. It wasn't really information that we had at that time.

MS. MILLER: It's too late at this stage in the game to bring it in. If what you say is true, and it makes no difference, then why should you rely on it.

THE WITNESS: It would not in any way affect your case. In other words, it's
