REQUEST FOR RECONSIDERATION AFTER FINAL ACTION DENIED

Issue date: May 22, 2024

Applicant's request for reconsideration is denied. *See* 37 C.F.R. §2.63(b)(3). The trademark examining attorney has carefully reviewed applicant's request and determined the request did not: (1) raise a new issue, (2) resolve all the outstanding issues, (3) provide any new or compelling evidence with regard to the outstanding issues, or (4) present analysis and arguments that were persuasive or shed new light on the outstanding issues. TMEP §§715.03(a)(ii)(B), 715.04(a).

Specifically, regarding the **Section 2(d) refusal**, applicant reiterates its argument that the addition of the term "GET" is sufficient to differentiate the marks, particularly because it conveys a state to be achieved, whereas the registered marks indicate a current state of being. However, as discussed in the previous Office action, adding a term to a registered mark generally does not obviate the similarity between the compared marks nor does it overcome a likelihood of confusion under Section 2(d). *See, e.g., In re Chatam Int'l Inc.*, 380 F.3d 1340, 71 USPQ2d 1944 (Fed. Cir. 2004); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266 (TTAB 2009). Further, when comparing the marks in this case in their entireties, the marks do not convey a significantly different commercial impression from the other, despite the added term.

Specifically, the identical phrase "IN THE MOOD" appears in both marks. Moreover, the registration

specifies that its goods are "for supporting *sexual* wellness." Thus, when used in connection with the relevant goods, that identical wording conveys the same desired result of feeling a desire, specifically one related to sex. The added term "GET" does not alter the meaning of the phrase "IN THE MOOD"; it merely further explains that the goods can be used to obtain that feeling of desire, instead of merely implying that the goods will achieve that result.

Additionally, applicant argues that the marks have different connotations when considered in connection with body care products and supplements. However, as discussed above, the wording "IN THE MOOD" is identical in both marks. Moreover, the registration specifies that its goods are "for supporting sexual wellness." Thus, when used in connection with the relevant goods, that identical wording conveys the same desired result of feeling a desire to have sex.

Applicant has also submitted one third-party registration for a mark including the component "IN THE MOOD" to show that the mark in the cited registration is inherently or conceptually weak and should not be afforded a broad scope of protection. *See Jack Wolfskin Ausrüstung Fur Draussen Gmbh v. New Millennium Sports, SLU*, 797 F.3d 1363, 1374, 116 USPQ2d 1129, 1136 (Fed. Cir. 2015); *Juice Generation, Inc. v. GS Enters. LLC*, 794 F.3d 1334, 1339, 115 USPQ2d 1671, 1675 (Fed. Cir. 2015); *Sabhnani v. Mirage Brands, LLC*, 2021 USPQ2d 1241, at *22 (TTAB 2021) (quoting *Tao Licensing, LLC v. Bender Consulting Ltd.*, 125 USPQ2d 1043, 1057 (TTAB 2017)); TMEP §1207.01(d)(iii).

A large number of active use-based third-party registrations including the same or similar term or mark segment for the same or similar goods may be relevant to prove, in the same way dictionaries are used, that a term or mark segment has "a normally understood and well-recognized descriptive or suggestive meaning, leading to the conclusion that that segment is relatively weak" and entitled to only a narrow scope of protection. *Jack Wolfskin Ausrüstung Fur Draussen Gmbh v. New Millennium Sports, SLU*, 797 F.3d at 1374, 116 USPQ2d at 1136 (quoting *Juice Generation, Inc. v. GS Enters. LLC*, 794 F.3d at 1339, 115 USPQ2d at 1675); *Sabhnani v. Mirage Brands, LLC*, 2021 USPQ2d 1241, at *22 (citing *Tao Licensing, LLC v. Bender Consulting Ltd.*, 125 USPQ2d at 1057).

However, evidence comprising only a small number of active use-based third-party registrations including the same or similar component is generally entitled to little weight in determining the strength of a mark. *See In re i.am.symbolic, llc*, 866 F.3d 1315, 1328-29, 123 USPQ2d 1744, 1751-52 (Fed. Cir. 2017); *AMF Inc. v. Am. Leisure Prods., Inc.*, 474 F.2d 1403, 1406, 177 USPQ 268, 269 (C.C.P.A. 1973). A single third-party registration is "not evidence of what happens in the market place or that customers are familiar with them." *Sock It To Me, Inc. v. Aiping Fan*, 2020 USPQ2d 10611, at *9 (TTAB 2020) (quoting *AMF Inc. v. Am. Leisure Prods., Inc.*, 474 F.2d at 1406, 177 USPQ at 269). Thus, the one third-party registration submitted by applicant is insufficient to establish that the mark is inherently or conceptually weak.

Further, assessing conceptual strength is determined in relation to the specified goods. *Bell's Brewery, Inc. v. Innovation Brewing*, 125 USPQ2d 1340, 1345 (TTAB 2017) (citing *Couch/Braunsdorf Affinity, Inc. v. 12 Interactive, LLC*, 110 USPQ2d 1458, 1476 (TTAB 2014)). Evidence comprising third-party registrations of similar marks for different or unrelated goods has "no bearing on the strength of the term in the context relevant to this case." *See Tao Licensing, LLC v. Bender Consulting Ltd.*, 125 USPQ2d at 1058 (citing *In re i.am.symbolic, llc*, 866 F.3d at 1328, 123 USPQ2d at 1751). The referenced third-party registration appears to be for goods that are predominantly different from and unrelated to those identified in the cited registration and applicant's application. Thus, this third-party registration submitted by applicant is not probative on whether a portion or all of the mark is inherently or conceptually weak.

Applicant also argues that the compared goods are not related because the goods are not identical or overlapping. However, the fact that the goods of the parties differ is not controlling in determining likelihood of confusion. The issue is not likelihood of confusion between particular goods, but likelihood of confusion as to the source or sponsorship of those goods. *In re Majestic Distilling Co.*, 315 F.3d 1311, 1316, 65 USPQ2d 1201, 1205 (Fed. Cir. 2003); *In re Shell Oil Co.*, 992 F.2d 1204, 1208, 26 USPQ2d 1687, 1689 (Fed. Cir. 1993); TMEP §1207.01. The compared goods need not be identical or even competitive to find a likelihood of confusion. *See On-line Careline Inc. v. Am. Online Inc.*, 229 F.3d 1080, 1086, 56 USPQ2d 1471, 1475 (Fed. Cir. 2000); *Recot, Inc. v. Becton*, 214 F.3d 1322, 1329, 54 USPQ2d 1894, 1898 (Fed. Cir. 2000); TMEP §1207.01(a)(i). They need only be “related in some manner and/or if the circumstances surrounding their marketing are such that they could give rise to the mistaken belief that [the goods] emanate from the same source.” *Coach Servs., Inc. v. Triumph Learning LLC*, 668 F.3d 1356, 1369, 101 USPQ2d 1713, 1722 (Fed. Cir. 2012) (quoting *7-Eleven Inc. v. Wechsler*, 83 USPQ2d 1715, 1724 (TTAB 2007)); TMEP §1207.01(a)(i); *see Made in Nature, LLC v. Pharmavite LLC*, 2022 USPQ2d 557, at *44 (TTAB 2022) (quoting *In re Jump Designs LLC*, 80 USPQ2d 1370, 1374 (TTAB 2006)).

Lastly, applicant argues that the evidence of record is insufficient to establish that the goods are related and that many companies that sell supplements do not also sell body care products, and vice versa. However, the previously attached evidence from <https://getmaude.com/>, <https://jimmyjane.com/>, <https://dame.com/>, <https://www.phdfemininehealth.com/>, <https://herjuicebar.com/>, <https://queenvlife.com/>, <https://thehoneypot.co/>, <https://lovewellness.com/>, <https://empressorganics.net/>, <https://biomprobiotics.com/>, and <https://lelefeminine.com/>, shows that the same entity often produces both nutritional supplements and massage oils or skin moisturizers.

Moreover, the additional attached evidence from <https://www.doterra.com/>, <https://www.herbalife.com/>, <https://www.nowfoods.com/>, <https://www.paulaschoice.com/>, <https://www.perriconemd.com/>, and <https://www.swansonvitamins.com/> shows doTERRA, Herbalife, NOW, Paula's Choice, Perricone MD, and Swanson offering nutritional supplements, skin moisturizers, and body washes. This evidence establishes that the same entity commonly produces the relevant goods and markets the goods under the same mark.

Thus, applicant's and registrant's goods are considered related for likelihood of confusion purposes. *See, e.g., In re Davey Prods. Pty Ltd.*, 92 USPQ2d 1198, 1202-04 (TTAB 2009); *In re Toshiba Med. Sys. Corp.*, 91 USPQ2d 1266, 1268-69, 1271-72 (TTAB 2009).

Further, the attached evidence from the USPTO's X-Search database shows a number of third-party marks registered for use in connection with the same or similar goods as those of both applicant and registrant in this case. *See* attached U.S. Registration Nos. 5413617, 4633720, 5657527, 5492803, 6494380, 4678411, 7203359, 5835239, 5656731, and 7000037. This evidence shows that the goods listed therein, namely nutritional supplements, massage oils, skin moisturizers, and body washes, are of a kind that may emanate from a single source under a single mark. *See In re I-Coat Co.*, 126 USPQ2d 1730, 1737 (TTAB 2018) (citing *In re Infinity Broad. Corp.*, 60 USPQ2d 1214, 1217-18 (TTAB 2001); *In re Albert Trostel & Sons Co.*, 29 USPQ2d 1783, 1785-86 (TTAB 1993); *In re Mucky Duck Mustard Co.*, 6 USPQ2d 1467, 1470 n.6 (TTAB 1988)); TMEP §1207.01(d)(iii).

Regarding the **Sections 1, 2, and 45 refusal**, applicant reiterates its argument that the refusal is

premature for a Section 1(b) intent-to-use application. However, this Sections 1, 2, and 45 refusal applies to any application, not only use-based §1(a) applications. TMEP §1202. A specimen is not required to determine whether the mark functions as a trademark; a refusal must be issued, regardless of the filing basis, if the evidence supports a determination that a proposed mark is merely informational and thus would not be perceived as an indicator of source. *See* TMEP §1202; *In re AC Webconnecting Holding B.V.*, 2020 USPQ2d 11048, at *7 (finding an application for registration filed pursuant to §44(e) subject to the requirement that the applied-for mark function as a mark); *In re Right-On Co.*, 87 USPQ2d 1152, 1157 (TTAB 2008) (noting the propriety of and affirming a failure-to-function ornamentation refusal in a §66(a) application).

Any evidence demonstrating that the public would perceive the wording merely as conveying the ordinary meaning of the message supports this refusal. TMEP §1202.04(b). The issue of whether a designation functions as a mark depends on the commercial impression it makes on the relevant public; that is, whether consumers would likely regard it as a source-indicator for the goods. *See In re Vox Populi Registry Ltd.*, 25 F.4th 1348, 1351, 2022 USPQ2d 115, at *2 (Fed. Cir. 2022) (citing *In re AC Webconnecting Holding B.V.*, 2020 USPQ2d 11048, at *3 (TTAB 2020)); *In re Maugus Mfg., Inc.*, 2021 USPQ2d 1100, at *6 (TTAB 2021) (citing *In re Eagle Crest, Inc.*, 96 USPQ2d 1227, 1229 (TTAB 2010); *In re Aerospace Optics, Inc.*, 78 USPQ2d 1227, 1229 (TTAB 2010)).

Because the function of a mark is to identify a single commercial source for particular goods, if consumers are accustomed to seeing a phrase used in connection with goods from many different sources, it is likely that consumers would not view the matter as a source indicator for the goods. *See In re Mayweather Promotions, LLC*, 2020 USPQ2d 11298, at *1 (TTAB 2020) (citing *D.C. One Wholesaler, Inc.*, 120 USPQ2d at 1716); *In re Wal-Mart Stores, Inc.*, 129 USPQ2d 1148, 1150 (TTAB 2019).

Thus, the refusal is based on evidence of use of the phrase in the marketplace, rather than on a specimen of record, and registration must be refused, regardless of the filing bases, if the evidence supports a determination that a proposed mark is merely informational and thus would not be perceived as an indicator of source. *See* TMEP §1202; *In re AC Webconnecting Holding B.V.*, 2020 USPQ2d 11048, at *7 (TTAB 2020); *In re Right-On Co.*, 87 USPQ2d 1152, 1157 (TTAB 2008).

Moreover, submission of an otherwise acceptable specimen bearing the proposed mark will not obviate the refusal because the mere fact that the matter appears on a technically good specimen does not mean that it would be perceived as a mark. TMEP §1202.04(d); *See In re Team Jesus LLC*, 2020 USPQ2d 11489, at *5-6 (TTAB 2020) (holding the nature and ubiquity of the phrase TEAM JESUS, including on apparel from many sources, did "not create the commercial impression of a source indicator, even when displayed on a hangtag or label") (quoting *D.C. One Wholesaler, Inc. v. Chien*, 120 USPQ2d 1710, 1716 (TTAB 2016)). If the evidence shows that the public would not perceive the proposed mark as serving to indicate the source of the identified goods, it does not function as a mark and may not be registered regardless of the manner of use depicted on the specimens or the filing basis on which applicant relies. TMEP §1202.04(d).

Regarding the substance of the refusal, applicant argues that the evidence of record is insufficient to show that the slogan is widely used by a variety of sources. However, the record contains the previously submitted evidence from the February 7, 2023, and October 18, 2023, Office actions from the following sources:

- <https://www.amazon.com/>: "**Get in the mood** and support blood flow" in connection with

products for sexual wellness;

- <https://www.k-y.com/>: "Sometimes, it takes your body a little while to **get in the mood**" in connection with products for sexual wellness.

Further, the attached evidence from <https://joyfuldesertrose.com/>, <https://www.iqnatural.com/>, <https://www.herbesque.com/>, <https://shop.goldenpoppyherbs.com/>, <https://www.planttherapy.com/>, <https://shopnox.com/>, <https://www.cactusblossomcollective.com/>, <https://vushwellness.com/>, <https://goldkissedessentials.com/>, <https://www.touchbodyworks.com/>, and <https://womaness.com/> also shows that the expression "GET IN THE MOOD" is commonly used to refer to feeling a desire to have sex and conveys a common desired result of body care products such as massage oils. Because consumers are accustomed to seeing this expression commonly used in everyday speech by many different sources, they would not perceive it as a mark identifying the source of applicant's goods but

rather as only conveying an informational message.

Applicant also argues that the evidence of record must show that the expression was commonplace as of the application filing date of April 15, 2022, in order to be considered. However, eligibility for registration must be determined on the basis of the facts and evidence in the record at the time registration is sought, which includes during examination and any related appeal. *In re Chippendales USA Inc.*, 622 F.3d 1346, 1354, 96 USPQ2d 1681, 1686 (Fed. Cir. 2010); *In re Morton-Norwich Prods., Inc.*, 671 F.2d 1332, 1344, 213 USPQ 9, 18 (C.C.P.A. 1982); *In re Thunderbird Prods. Corp.*, 406 F.2d at 1391, 160 USPQ at 732. Proof that submitted evidence was available as of the filing date of the application is not required for such evidence to have probative value regarding the public perception of a mark at the time registration is sought.

Lastly, applicant argues that a similar mark "GET IN THE GAME" has been registered on the Principal Register and therefore applicant is entitled to registration as well. However, it is well settled that each application must be decided on its own facts; the USPTO is not bound by prior decisions involving different records. When determining whether an applied-for mark is eligible for registration, each application must be considered on its own record. *In re Cordua Rests., Inc.*, 823 F.3d 594, 600, 118 USPQ2d 1632, 1635 (Fed. Cir. 2016) (“[The Federal Circuit], like the Board, must evaluate the evidence in the present record to determine whether there is sufficient evidence”); *In re Shinnecock Smoke Shop*, 571 F.3d 1171, 1174, 91 USPQ2d 1218, 1221 (Fed. Cir. 2009) (“Applicant’s allegations regarding similar marks are irrelevant because each application must be considered on its own merits.”); *see also In re Nett Designs, Inc.*, 236 F.3d 1339, 1342, 57 USPQ2d 1564, 1566 (Fed. Cir. 2001) (“Even if some prior registrations had some characteristics similar to Nett Designs’ application, the PTO’s allowance of such prior registrations does not bind the [Trademark Trial and Appeal] Board or this court.”). An applied-for mark does not become registrable simply because other seemingly similar marks appear on the register. *In re Consumer Prot. Firm PLLC*, 2021 USPQ2d 238, at *22 (citing *In re Scholastic Testing Serv., Inc.*, 196 USPQ 517, 519 (TTAB 1977)). Thus, applicant’s argument regarding the different mark "GET IN THE GAME" is not relevant to the determination of whether the mark in the present case is eligible for registration.

Accordingly, the following refusals made final in the Office action dated October 18, 2023, are **maintained and continued**:

- Section 2(d) Refusal – Likelihood of Confusion
- Sections 1, 2, and 45 Refusal - Failure to Function as a Trademark

See TMEP §§715.03(a)(ii)(B), 715.04(a).

If applicant has already filed an appeal with the Trademark Trial and Appeal Board, the Board will be notified to resume the appeal. *See* TMEP §715.04(a).

If applicant has not filed an appeal and time remains in the response period for the final Office action, applicant has the remainder of that time to (1) [file another request for reconsideration](#) that overcomes any outstanding final refusals, and/or (2) [file a notice of appeal](#) to the Board. TMEP §715.03(a)(ii)(B).

THE

3 TIERS TO A HEALTHY NEW YOU

THREE TIER PHILOSOPHY

At Perricone MD, we believe in beauty from the inside-out and outside-in. What we feed our bodies and what we put on our skin directly impact one another. We take a holistic approach to promote healthy-looking skin and body through our Three-Tier Philosophy. It consists of a healthy diet, nutritional supplements and potent topical skincare.

TIER 1: AN ANTI-INFLAMMATORY DIET

The best nutrition plan to minimize the visible signs of aging and reduce inflammation is to eat lean sources of protein, make low-glycemic choices about carbohydrates and choose fruits and vegetables rather than refined, processed foods. Some foods we love are chicken, wild salmon, old-fashioned oats, berries, fresh vegetables, and healthy fats, like those found in avocados, nuts and olive oil.

TIER 2: NUTRITIONAL SUPPLEMENTS

Since our antioxidant levels are difficult to measure at any given moment, the best way to ensure you have steady protection is to control your dietary intake of antioxidants. Our supplements are designed to provide our bodies with the appropriate nutrients they need that aren't always obtainable from the foods

we eat.

TIER 3: ADVANCED TOPICAL SKINCARE

Designed to promote the most visible signs of healthy-looking skin, our formulations are rich in antioxidants and nutrients that our bodies naturally create on their own. Because our bodies recognize these ingredients as their own, you will see dramatic results more quickly. The "Three P's" of Tier 3 are: Performing Ingredients, Patented Sciences and Powerful Results.

Swanson Ultra Tea Tree Oil Body Wash

- Swanson Ultra tea tree Oil body wash
- A luxurious moisturizing and cleansing body wash
- Paraben and lauryl/laureth sulfate free

Tea Tree Oil Body Wash from Swanson Ultra delivers an awesome, moisturizing cleansing experience without lauryl/laureth sulfates or parabens. Our fragrance-free formula moisturizes with aloe vera, soothes with rosemary leaf extract and protects with the power of organic Australian tea tree oil.

Supplement Facts

Ingredients: Purified water, lauryl glucoside, Aloe barbadensis (aloe vera) leaf gel, babassuamidopropyl betaine, vegetable glycerin, Rosmarinus officinalis (rosemary) leaf extract, citric acid, phenoxyethanol, organic tea tree oil, xanthan gum.

Directions: Pour a small amount onto washcloth or sponge or use directly on skin when showering or bathing.

WARNING: For external use only. Avoid contact with eyes. If skin irritation occurs, discontinue use.

NO LATHER NO SCENT!!

I AM SO DISAPPOINTED WITH THIS PRODUCT!! I have nothing but PRAISE for the VALUE AND QUALITY of Swanson's products! This body DOES NOT LATHER AND HAS NO SCENT ABSOLUTELY WORTHLESS! Thank God it wasn't expensive!! I read a review that said it lathered great I don't know what product they bought because it DEFINITELY ISN'T THIS ONE!!

Great value
I love that it does not a long list of ingredients. It lathers great if you pump product onto a wash cloth.

PRODUCT DESCRIPTION

Made specifically to set the perfect mood for couples, our Sensual blend is the perfect oil to use with your partner to create a serious spark. Scents can play a powerful role in setting a passionate atmosphere. Whether you diffuse, apply as a personal fragrance, use in a couples bath, or massage oil, our Sensual blend helps you achieve that sexy, feel-good ambiance you want!

The romantic rich scents of Sensual help you **get in the mood** by promoting relaxation and stimulating the senses. The floral overtones of Ylang Ylang Complete and Jasmine Absolute give way to the more subtle, woody notes of Australian Sandalwood and Patchouli. Sweet Orange and Lavender round out the blend for an overall balance. The romantic qualities of Sensual awaken passions with its exotic blend of floral and woody aro.

This all natural massage oil has some serious aphrodisiac properties. With a grounding mix of rose, cedar, jasmine, ylang-ylang, rosemary, bergamot, sage, vetiver and cardamom, this oil has everything you need to release stress, build confidence and get in the mood, either with yourself or with a partner. Unlike the Sex Oil, this one's for external use only—not to be used with latex condoms or toys.

This is an all natural product and has a shelf life of 6 months after opening.

Light + Prep

Begin by lighting your candle and waiting 10-15 minutes for the wax to melt and the top layer of oil to form on your candle. In the meantime, pop on your favourite playlist + **get in the mood** with our curated aphrodisiac blend of scents.

Pour

Once the oil is melted, carefully blow out the flame, pour the warm wax from the spout of the candle + massage the oil into the skin for a pleasure-filled massage to ignite all senses.

Our massage oil candle wax has been designed to burn at a low temperature, just above body temperature making it safe to pour directly on your skin from the vessel.

Get in the mood and get closer to someone with the soft but alluring scent of Shea butter and roses. An ultra-moisturizing soap bar, infused with argan and coconut oils, you will be clean and soft before you get too close to that special someone.

Gynecologists first to
dryness. It makes sense: it's a natural moisturizer that boosts your
skin's protective barrier and helps it retain moisture.

Can it help when I want to, ahem, **get in the mood?**

Yes. It's been made to help you prep for intimacy...alone or with a partner. But please do not use Coco Bliss with condoms or dental dams, as coconut oil can break down latex.

Can I use Coco Bliss with vibrators or other sex toys?

We do not recommend using Coco Bliss with a silicone item, as its coconut oil may react with the toy and cause damage to the item. However, Coco Bliss is compatible with glass or metal toys.

Can I really use this as a body moisturizer, too?

Absolutely. It's safe for any dry spots (especially knees, elbows, and ankles) and works beautifully as a massage oil.

What does it feel like?

The texture is rich and non-sticky. Due to coconut oil's natural properties, it can be thinner in warmer temps and thicker when chilled, but it always melts into your skin.

What does it smell like?

Its light scent is all natural: coconut with notes of sweet almond oil and vanilla beans.

United States Patent and Trademark Office (USPTO)

USPTO OFFICIAL NOTICE

Office Action (Official Letter) has issued
on May 22, 2024 for
U.S. Trademark Application Serial No. 97365737

A USPTO examining attorney has reviewed your trademark application and issued an Office action. You must respond to this Office action to avoid your application abandoning. Follow the steps below.

- (1) **[Read the Office action](#)**. This email is NOT the Office action.
- (2) **Respond to the Office action by the deadline** using the Trademark Electronic Application System (TEAS) or the Electronic System for Trademark Trials and Appeals (ESTTA), as appropriate. Your response and/or appeal must be received by the USPTO on or before 11:59 p.m. **Eastern Time** of the last day of the response deadline. Otherwise, your application will be **[abandoned](#)**. See the Office action itself regarding how to respond.
- (3) **Direct general questions** about using USPTO electronic forms, the USPTO [website](#), the application process, the status of your application, and whether there are outstanding deadlines to the [Trademark Assistance Center \(TAC\)](#).

After reading the Office action, address any question(s) regarding the specific content to the USPTO examining attorney identified in the Office action.

GENERAL GUIDANCE

- **[Check the status of your application periodically](#)** in the [Trademark Status & Document Retrieval \(TSDR\)](#) database to avoid missing critical deadlines.
- **[Update your correspondence email address](#)** to ensure you receive important USPTO notices about your application.
- **[Beware of trademark-related scams](#)**. Protect yourself from people and companies that may try to take financial advantage of you. Private companies may call you and pretend to be the USPTO or may send you communications that resemble official USPTO documents to trick you. We will never request your credit card number or social security number over the phone. Verify the correspondence originated from us by using your serial number in our database, [TSDR](#), to confirm that it appears under the “Documents” tab, or contact the [Trademark Assistance Center](#).

- **Hiring a U.S.-licensed attorney.** If you do not have an attorney and are not required to have one under the trademark rules, we encourage you to hire a U.S.-licensed attorney specializing in trademark law to help guide you through the registration process. The USPTO examining attorney is not your attorney and cannot give you legal advice, but rather works for and represents the USPTO in trademark matters.
