Samsung Galaxy Cameras

Claim	Samsung Galaxy Cameras
<p>2. A computer-readable memory for use by a client computer in conjunction with a server that is accessible by the client computer via a network, the server storing a user profile and user library for each of a number of different users, with the user library containing one or more files and the user profile containing at least one user link that provides a link to one of the files in the user library.</p>	<p>The accused device is a client computer. The accused device includes a computer-readable memory for use by the accused device in conjunction with a server that is accessible by the accused device via a network, the server storing a user profile and user library for each of a number of different users, with the user library containing one or more files and the user profile containing at least one user link that provides a link to one of the files in the user library.</p> <p>For example, a user of a Samsung Galaxy Camera, which is Android based, is provided with a Google Account and/or Samsung Account. The user may use his or her Google Account and/or Samsung Account to access his or her user profile stored in a server accessible via a network using, for example, WiFi, CDMA, GSM, HSPA, or LTE. The user's user profile in the server contains one or more user links that provide links to one or more files (e.g., music files, books, magazines, TV shows, movies, apps, games) in the user's library in the server.</p>

<p>Claim</p>	<p style="text-align: right;">Samsung Galaxy Cameras</p> <h1 style="text-align: center;">Media Hub: A Universe of Entertainment at Your Fingertips</h1> <p style="text-align: center;">Published: October 12, 2010 Print This</p>  <p>The Samsung Media Hub app brings all-star entertainment to the Galaxy S™ smartphones and the Galaxy Tab™. The app is preloaded on your device so you can instantly enjoy a diverse selection of movies and TV shows that start playing while they download.</p> <hr/> <h2>Instant Entertainment</h2> <p>Now you and your family can enjoy instant entertainment in the palm of your hand. Available exclusively on Samsung devices, the Samsung Media Hub takes advantage of the stunning viewing quality on both phones and tablets. Media Hub offers TV shows the day after they air as well as past seasons. In addition, select movies will be available the day they are released on DVD. Media Hub is focused on providing you the latest blockbuster action movies, family movies, comedy movies and thrillers, with classics like <i>The Godfather</i> and <i>Caddy Shack</i> that you will love.</p> <p>With progressive download, you can start to watch instantly while you download your content, no waiting like other stores. Media Hub is a real cloud service, you can have the purchases you have made on up to five devices at a time, and you never have to sync with a PC—all downloads are over Wi-Fi. Your purchases are tied to your account, so there's no need to back up your content on the device. Access the Samsung Media Hub and watch what you want, when you want, where you want.</p> <p>http://www.samsung.com/us/article/media-hub-a-universe-of-entertainment-at-your-fingertips</p>

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
