Dear Peter,

In Honda's initial disclosures, we identified Satoru Minowa of Honda R&D Co. as possessing "information relating to the development, design, operation and functionality of the accused features of the Accused Instrumentalities." Minowa san resides in Japan. However, Minowa san will be in the United States in early August. As a courtesy to Plaintiff, Minowa san will be available to be deposed on August 4 in Torrance, California. If we do not go forward with the deposition that day in Torrance, his deposition will need to take place in Japan. Please confirm that you or one of your colleagues will be available to take the deposition on August 4 in Torrance.

Separately, please let me know dates of availability for Ira Marlowe for deposition during the weeks of August 8 and August 22.

Thanks,

Joe
