

EXHIBIT 3

Exhibit 1

UNITED STATES DISTRICT COURT
SOUTHERN DISTRICT OF FLORIDA

CASE NO. 14-cv-80651-DMM

ADVANCED GROUND INFORMATION
SYSTEMS, INC.,

Plaintiff.

JURY TRIAL DEMANDED

vs

LIFE360, INC.,

Defendant.

_____ /

DECLARATION OF MALCOLM K. BEYER, JR.

I, Malcolm K. Beyer, Jr. declare:

1. I live in Jupiter, Florida, with my wife, Margaret Beyer. We have lived in Jupiter, Florida, for nearly three decades.
2. I am 75 years old and Mrs. Beyer is 69 years old.
3. I am the Chief Executive Officer and Chairman of the Board of Directors of Advanced Ground Information Systems, Inc. ("AGIS"). I have held those positions since forming the company in 2004. At my direction, AGIS has been in the business of developing location-based communication software for the military and first responders since AGIS's inception.
4. AGIS was incorporated in the state of Florida in 2004. AGIS's principal place of business is 92 Lighthouse Drive, Jupiter, Florida 33469 ("the Jupiter Office"). AGIS has maintained that location as its principal place of business since its formation in 2004.

5. I am the named inventor of numerous patents. I understand that four of those patents have been asserted against Life360, Inc. (“Life360”) in this case: United States Patent No. 7,031,728 entitled “Cellular Phone/PDA Communication System” (hereinafter “the ’728 Patent”), United States Patent No. 7,764,954 entitled “Method of Providing Cell Phones in a Cell Phone Signal Strength Chart of Multiple Cell Phones in a Communication Network” (hereinafter “the ’954 Patent”), United States Patent No. 8,126,441 entitled “Method of Establishing a Cell Phone Network of Participants with a Common Interest” (hereinafter “the ’441 Patent”); and United States Patent No. 7,672,681 entitled “Method of Renaming Soft Switch Controls in all Participant’s Cell Phones by an Administrator” (hereinafter “the ’681 Patent”) (collectively, the “Patents-in-Suit”). The Patents-in-Suit are assigned to AGIS.
6. In early 2004, in Jupiter, Florida, I began work that would ultimately result in the Patents-in-Suit. I am the sole inventor of the Patents-in-Suit, and I was entirely responsible for the work that resulted in the patented inventions.
7. In 2004, I retained a local patent attorney named Barry Haley to prosecute the applications that resulted in the Patents-in-Suit. To my knowledge, Mr. Haley has worked in the Ft. Lauderdale, Florida office of the lawfirm of Malin Haley DiMaggio & Bowen, P.A. since 2004.
8. To my knowledge, all documents related to the conception, reduction to practice, and prosecution of the Patents-in-Suit, a significant portion of which are in paper form, are located either at AGIS’s Jupiter Office or at the offices of Malin Haley DiMaggio & Bowen in Ft. Lauderdale.
9. AGIS currently employs 5 people at the Jupiter Office, including Mrs. Beyer and myself.

10. AGIS conducts most of its business in the Jupiter Office, including the majority of correspondence with potential customers, as well as product testing and deployment.
11. Mrs. Beyer is AGIS's corporate secretary and has held that position since 2004. She maintains all of the corporate records, largely in paper form, at the Jupiter Office.
12. AGIS's Chief Financial Officer, Ronald Wisneski, has worked at the offices of Wisneski & Associates, P.A., in Jupiter, Florida, since AGIS's formation. He currently maintains, and has maintained, AGIS's financial records, including a significant volume of paper documents, at the Wisneski & Associates office in Jupiter, Florida.
13. AGIS's president, Sandel Blackwell, lives and works in Kansas. In 2010, AGIS opened a satellite office in Lenexa, Kansas ("the Satellite Office"), where Mr. Blackwell currently works with two other AGIS employees. Mr. Blackwell has worked for AGIS full-time since 2010. Mr. Blackwell frequently travels to the Jupiter Office for AGIS-related business.
14. I have reviewed Exhibit B to the Maune declaration, and I note that it references DUNS NUMBER: 55-755-6482. I also note that Exhibit B to the Maune declaration lists an address in Shawnee Mission, Kansas.
15. I reviewed AGIS's company records, and I confirmed that AGIS does not currently have an office in Shawnee Mission, Kansas. I also confirmed that AGIS's DUNS number is actually 17-609-2364.
16. To my knowledge, the "DUNS NUMBER" and address referenced in Exhibit B to the Maune declaration are artifacts of a classified AGIS project that did not relate to mobile location-based communication software, or to the Patents-in-Suit. This classified project

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
