CIVIL ACTION NO. 2:17-cv-513-JRG

JURY TRIAL DEMANDED

**DECLARATION OF WILLIAM LUH REGARDING DEFENDANTS' MOTION TO
TRANSFER VENUE TO THE NORTHERN DISTRICT OF CALIFORNIA**

I, William Luh, state and declare as follows:

1. I am a Technical Lead Manager and Software Engineer for the Find My Device application on Android. I work out of Google LLC's ("Google") Mountain View, California office. I submit this declaration based upon my personal knowledge, and, if called as a witness, I could and would testify competently to the information contained herein.
2. I am aware that Google maintains relatively small offices in Austin, in the Western District of Texas, and Dallas, in the Northern District of Texas. However, based on my investigation, I am aware of no relevant witnesses in Google's Austin office or Dallas office related to the design, development, operation, and management of the Find My Device application for Android.
3. Additionally, the source code related to the operation and functionality of the Find My Device application is not publicly available, is highly confidential, and maintained internally

by the Google engineers responsible for the application, including myself and the Google personnel I previously identified in my first declaration.

I declare under penalty of perjury that the foregoing is true and correct. Executed in Mountain View, California on January 2, 2018

William Luh
