Vehicle requirements

We have high safety standards for vehicles on the Lyft platform, which include meeting any [city or state requirements](#).

If your vehicle needs an inspection, [visit your state's information page](#) to find your inspection form and nearby mechanic locations (if applicable).

Taxis, stretch limousines, and certain [subcompact vehicles](#) will not be approved for use on the Lyft platform.

Vehicle age

Before applying to drive or moving to a new city, visit [driver application requirements](#) to find your new city or state and its minimum vehicle age requirement.

[Back to top](#)

Doors and seatbelts

All Lyft vehicles are required to have 4 doors. Vehicles are required to have a minimum of 5 seatbelts (including the driver's), with a maximum of 8 seatbelts.

Subcompact vehicles

In order to provide a comfortable rider experience, we don't accept certain subcompact vehicles on the Lyft platform:

- **Chevrolet:** Aveo, Aveo5, Metro, Sonic, Spark, Volt
- **Daewoo:** Lanos
- **Ford:** Fiesta
- **Hyundai:** Accent
- **Kia:** Rio, Rio 5-Door, Rio Cinco, Rio5
- **Mazda:** Mazda 2
- **MINI:** Cooper, Cooper Clubman, Cooper Countryman, Cooper Countryman Hybrid, Cooper Hardtop, Cooper S, Cooper S Clubman, Cooper S Countryman, Cooper S Countryman All4, Cooper S Countryman All4 Hybrid, Cooper S Countryman Hybrid, Cooper S Hardtop
- **Pontiac:** G3
- **Scion:** xD

If you were approved to drive with a subcompact vehicle prior to Feb. 25, 2019, you're able to continue driving with your existing subcompact vehicle. You won't be able to add a second subcompact vehicle or replace your existing vehicle with a different subcompact vehicle.
