MARSHALL, TEXAS 75670
(903) 934-8450
BY: MS. MELISSA SMITH

OFFICIAL REPORTER: SHAWN M. McROBERTS, RMR, CRR
100 E. HOUSTON STREET
MARSHALL, TEXAS 75670
(903) 923-8546

1 THE COURT: Be seated, please.

2 Counsel, before the Court proceeds to conduct the formal
3 charge conference, I will ask if the parties have items from
4 the list of pre-admitted exhibits that were used during
5 yesterday's portion of the trial that need to be read into the
6 record.

7 MS. TRUELOVE: Plaintiff does, Your Honor.

8 THE COURT: All right. Please proceed.

9 MS. TRUELOVE: Thank you, Your Honor.

10 Your Honor, Plaintiff Netlist used two exhibits during
11 examinations yesterday, PX 1787 and PX 44.

12 THE COURT: All right. Is there objection to that
13 rendition from the Plaintiff by the Defendants?

14 MR. REGER: Good morning, Your Honor.

15 THE COURT: Good morning.

16 MR. REGER: Your Honor, we do have an objection to
17 PX 44. Mr. Sheasby went flying through a number of different
18 exhibits, didn't lay any foundation to many of them. More
19 importantly, we never saw this exhibit being used. We asked
20 the Plaintiff about where in the transcript they could point
21 to using this exhibit. They gave us a cite to the transcript,
22 and in that cite there is a reference to a Netlist
23 presentation. PX 44 is a Samsung presentation.

24 So we still don't know of any cite in the transcript that
25 supports entering this exhibit, Your Honor.

1 THE COURT: Can you identify anywhere in the
2 transcript from yesterday, Ms. Truelove, where you believe
3 this exhibit was published and used before the jury?

4 MS. TRUELOVE: Yes. And we identified that to
5 opposing counsel last night. It was during the cross of Mr.
6 Meyer. The question was asked, "And we know that Samsung
7 subsequently adopted HBM with TSV technology. Correct?"

8 And the answer was, "They have these products, that's
9 correct." And that's when he had it on the --

10 THE COURT: Can you show me the document?

11 MS. TRUELOVE: I haven't --

12 MR. REGER: Your Honor, may I approach?

13 THE COURT: Put it on the document camera, if you
14 will.

15 MR. REGER: Yes. And, once again, if we look to the
16 top right --

17 MS. TRUELOVE: He didn't -- he didn't show that --

18 MR. REGER: Well, real quickly, if we may.

19 THE COURT: Let's get it on there straight first
20 where it's not upside down and then zoom out so I can see the
21 entire page. Okay. That's fine.

22 MR. REGER: Yes, Your Honor. What I wanted to point
23 out is at the top right. It says, Samsung secret, and it
24 became a Samsung document. The Q and A before and after are
25 referencing a Netlist presentation.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
