01:36PM

1 MARSHALL, TEXAS; THURSDAY, OCTOBER 21, 2021

2 1:30 P.M.

3 THE COURT: Good afternoon. Please be seated.

4 For the record, we're here for the claim construction  
01:35PM 5 hearing in AGIS Software Development versus T-Mobile, et al,  
6 which is under lead Case Number 2:21-72 on our docket.

7 Would counsel state their appearances for the record.

8 MS. TRUELOVE: Good afternoon, Your Honor. Jennifer  
9 Truelove, Vincent Rubino and Enrique Iturralde here on behalf  
01:36PM 10 of plaintiff AGIS. And we are ready to proceed.

11 THE COURT: Thank you, Ms. Truelove.

12 MS. SMITH: Good afternoon, Your Honor. Melissa Smith  
13 on behalf of Uber. I'm joined by Mr. Mark Reiter, Mr. Robert  
14 Vincent, Mr. Nathan Curtis, Ms. Ashby Morgan. And we also have  
01:36PM 15 a client representative for Uber in the room, Mr. Bill Harman.  
16 And I'm appearing as well for T-Mo as well today, Your Honor.  
17 And both T-Mo and Uber are ready to proceed.

18 THE COURT: Thank you, Ms. Smith.

19 MR. PANKRATZ: Good afternoon, Your Honor. Kurt  
01:36PM 20 Pankratz here on behalf of defendant Lyft. Joining me today  
21 and who'll be presenting is Michelle Eber and Megan White.  
22 Thank you, Your Honor.

23 THE COURT: Thank you, Mr. Pankratz.

24 I will also note for the record that a little while ago  
01:37PM 25 we distributed to counsel for all parties a set of preliminary

1 constructions of most of the disputed terms. The purpose of  
2 offering those preliminary constructions is not to prevent any  
3 party from arguing whatever construction they think is  
4 appropriate on any of these terms. Rather, the intent is to  
01:37PM 5 let the parties know where the Court is after the initial  
6 review of the pleadings and the record in order to allow you to  
7 focus your arguments where you think the Court may have most  
8 gone astray.

9 I do reserve the right to amend these constructions, and  
01:38PM 10 not uncommonly do amend them based on the arguments received at  
11 this hearing. So I hope that you will take them in that  
12 spirit.

13 I know there are a lot of terms, and I'm happy to hear  
14 the arguments in whatever order counsel think would be most  
01:38PM 15 efficient; and, certainly, to group the terms if counsel think  
16 that would be efficient.

17 Having said that, I'll turn it over first to counsel for  
18 plaintiff.

19 MR. RUBINO: Thank you, Your Honor.

01:38PM 20 THE COURT: Good afternoon, Mr. Rubino.

21 MR. RUBINO: Good afternoon.

22 So it probably would be helpful to go in the order of  
23 the proposed constructions. There are some we could agree. It  
24 looks like we are already prepared to address them in the  
01:39PM 25 alphabetical order.

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
