Art Unit: 2622

Claims 12-16 are objected as being dependent from claim 11.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

5. Claims 6 and 12 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

Claim 6 recites limitation “wherein when recording an image in the moving video mode, the pixel lines do not include one or more pixel lines at a top and/or bottom of the sensor, and the portion of the pixel lines used does not include one or more pixels at a left extreme and/or right extreme of the pixel lines,” contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

Claim 12 recites limitation “wherein when recording an image in the moving video mode, the pixel lines do not include one or more pixel lines at a top and/or bottom of the sensor, and the portion of the pixel lines used does not include one or more pixels at a left extreme and/or right extreme of the pixel lines,” contains subject matter which was not described in the specification
