Kyocera Communications, Inc. (“KCI”) by and through its undersigned attorneys, hereby answers the First Amended Complaint (the “FAC”) asserting infringement of U.S. Patent No. 8,385,966 (“the ’966 patent”) and U.S. Patent No. 8,868,060 (“the ’060 patent”) (collectively, the “Patents-In-Suit”) filed by Cellular Communications Equipment LLC (“CCE”) as follows:

### **THE PARTIES**

1. KCI is without knowledge or information sufficient to form a belief regarding the allegations of Paragraph 1 of the FAC, and on that basis KCI denies those allegations.

2. KCI admits only that it is a Delaware corporation with its principal place of business located at 9520 Towne Centre Drive, San Diego, California 92121, and that it can be served through Corporation Services Company, 2711 Centerville Road, Suite 400, Wilmington, Delaware 19808. KCI denies the remaining allegations of Paragraph 2 of the FAC.

3. No response is required by KCI to Paragraph 3 of the FAC because it is directed to a different defendant.

4. No response is required by KCI to Paragraph 4 of the FAC because it is directed to a different defendant.

5. No response is required by KCI to Paragraph 5 of the FAC because it is directed to a different defendant.

6. No response is required by KCI to Paragraph 6 of the FAC because it is directed to a different defendant.

7. No response is required by KCI to Paragraph 7 of the FAC because it is directed to a different defendant.

8. No response is required by KCI to Paragraph 8 of the FAC because it is directed to a different defendant.

9. No response is required by KCI to Paragraph 9 of the FAC because it is directed to a different defendant.

10. No response is required by KCI to Paragraph 10 of the FAC because it is directed to a different defendant.

11. No response is required by KCI to Paragraph 11 of the FAC because it is directed to a different defendant.

### **JURISDICTION AND VENUE**

12. KCI admits that CCE contends in Paragraph 12 of the FAC that this action arises under the patent laws of the United States Code, 35 U.S.C. § 271 *et seq.*, but KCI denies that CCE's infringement claims have merit.

13. KCI admits that, because CCE alleges that this action arises under the patent laws of the United States, this Court has subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331 and 1338(a), and 1367.

14. KCI admits that CCE contends that venue is proper in this Court under Title 28 United States Code §§ 1391 and 1400. KCI denies that venue is convenient in this district, and KCI reserves the right to seek a transfer of venue. KCI also denies that it has committed acts of infringement in this district or anywhere else.

15. KCI denies the allegations of Paragraph 15 of the FAC that are directed to KCI. No response is required to the remaining allegations of Paragraph 15 of the FAC because they are not directed to KCI.

16. KCI denies the allegations of Paragraph 16 of the FAC that are directed to KCI. No response is required to the remaining allegations of Paragraph 16 of the FAC because they are not directed to KCI.

19. KCI denies the allegations of Paragraph 19 of the FAC.

20. KCI denies any infringement of the ‘966 patent, and denies the allegations of Paragraph 20 of the FAC.

21. KCI denies any infringement of the ‘966 patent, and denies the allegations of Paragraph 21 of the FAC.

22. KCI denies any infringement of the ‘966 patent, and denies the allegations of Paragraph 22 of the FAC.

23. KCI denies that it is a 3<sup>rd</sup> Generation Partnership Project (or “3GPP”) member organization, or is affiliated with a 3GPP member organization. KCI lacks knowledge sufficient to form a belief as to whether the other Defendants are 3<sup>rd</sup> Generation Partnership Project (or “3GPP”) member organizations, or are affiliated with a 3GPP member organization, and therefore denies such allegations. KCI denies the remaining allegations of Paragraph 23 of the FAC.
