IN THE DISTRICT COURT OF

HARRIS COUNTY, TEXAS

55th JUDICIAL COURT

ORDER GRANTING PLAINTIFF'S
APPLICATION FOR WRIT OF SEQUESTRATION

On this day the Court considered plaintiff Amur Equipment Finance, Inc.'s Application for Writ of Sequestration against Zen Hospitality Management LLC d/b/a Circo Dallas and supporting affidavit and finds the following:

1. Prior to the date of suit, defendant Zen Hospitality Management LLC d/b/a Circo Dallas entered into Agreement No. 940553 (the "Agreement") with Amur Equipment Finance, Inc.
2. Amur Equipment Finance, Inc. has asserted claims for breach of contract, promissory estoppel, and quantum meruit in the amount of \$323,824.46, and for possession of the collateral that secures the Agreement (the "Collateral"), against Zen Hospitality Management LLC d/b/a Circo Dallas.
3. The Collateral is more specifically described by the Schedule A and Thompson & Little Inc. Invoices attached hereto.
4. The approximate fair market value of the Collateral is between \$140,000.00 and \$160,000.00.
5. Upon information and belief, the Collateral is located at 2619 McKinney Ave.,

Dallas, TX 75204.

6. Amur Equipment Finance, Inc. has made due demand upon Zen Hospitality Management LLC d/b/a Circo Dallas for possession of the Collateral, but Zen Hospitality Management LLC d/b/a Circo Dallas has failed and/or refused to peaceably surrender possession of the Collateral to Amur Equipment Finance, Inc.

7. A reasonable conclusion can be drawn there is an immediate danger that Zen Hospitality Management LLC d/b/a Circo Dallas, or persons in possession of the Collateral on behalf of Zen Hospitality Management LLC d/b/a Circo Dallas, will conceal, dispose of, ill-treat, waste, destroy, or remove the Collateral out of the county.

8. Amur Equipment Finance, Inc. is entitled to be issued a Writ of Sequestration.

9. It is therefore ORDERED, ADJUDGED, AND DECREED that the District Clerk of Harris County, Texas shall issue one or more, or several, Writ(s) of Sequestration at the same time, or in succession, to be sent to different counties as might be requested, which commands any Sheriff or Constable within the State of Texas to sequester and hold the Collateral; when sequestered, the Collateral shall be kept safe and preserved; and if Zen Hospitality Management LLC d/b/a Circo Dallas fails to replevy the Collateral within ten (10) days from the date it is taken by the Sheriff or Constable, the Sheriff or Constable shall deliver possession of the Collateral to Amur Equipment Finance, Inc.

It is further ORDERED, ADJUDGED, AND DECREED that this Order will not be effective until Amur Equipment Finance, Inc. executes and files with the District Clerk of Harris County, Texas, a bond, in conformity with law and made payable to Zen Hospitality Management LLC d/b/a Circo Dallas in the amount of \$_____ to insure that Amur Equipment Finance, Inc. prosecutes its suit against Zen Hospitality Management LLC d/b/a

Circo Dallas until conclusion and pays to the extent of the penal amount of the bond, all damages and costs that may be adjudged against Amur Equipment Finance, Inc. for filing the Writ(s) of Sequestration to obtain possession of the Collateral, with said bond complying with the requirements of TRCP 698 and 708.

It is further ORDERED, ADJUDGED, AND DECREED that Zen Hospitality Management LLC d/b/a Circo Dallas, in order to replevy the Collateral, shall file with the officer who levied the Writ of Sequestration, a bond, in conformity with law, in the amount of \$ _____ and made payable to Amur Equipment Finance, Inc.

SIGNED this ____ day of _____, 20 ____.

Thompson & little, Inc. will deliver the walk-in cooler or freezer to the job site, un-crate, assemble/erect box in place, hang the evaporator and remove all packaging material. The placement of the condenser, refrigeration hook-up from condenser to evaporator, all electrical connection, site (pit) preparation and any plumbing is the responsibility of other trades.

1. **Identified Goods and Equipment for purchase.** Buyer has agreed to purchase and seller has agreed to sell commercial kitchen equipment, goods and accessories more specifically described in Exhibit "A" of this contract, and that the Buyer and Seller have negotiated and otherwise agreed to a price of \$362,313.98 for the sale and/or installation of the equipment identified in Exhibit "A".
2. **Delivery of Goods and Equipment** – It is understood and agreed between the Buyer and the Seller that the delivery date for the goods and equipment listed in this contract is contingent on several factors beyond the control of the Buyer and Seller, including but not limited to delays in acquiring permits, delays in construction, delays due to weather events and the like. As such, there is no set delivery date for the goods and equipment set forth in this Contract. Instead, the Buyer shall inform the Seller in writing of he/she/its desire to have the goods and equipment delivered, and shall specify in this written correspondence the date for delivery. If the delivery is for a portion of the goods listed in the contract, the Buyer shall specify the portion of goods and equipment sought to be delivered in the writing, and shall further specify the date of delivery for the portion of goods and equipment. For the purposes of this section, 'writing' is defined as communication by the following manners: written or typed document to the attention of Seller and sent to the Seller's mailing address, facsimile to (910) 484-0576 or sent to one or more of the Seller's employees by email.
3. **Payment for Goods and Equipment** –
 - a. **Initial Deposit** – Upon the execution of this contract, the Buyer will pay to the Seller a non-refundable deposit amounting to one-half of the price of the goods and equipment set forth in Exhibit "A", with said amount being \$181,156.99. The Buyer understands and agrees that the equipment and services set forth in this contract consist of custom equipment that is uniquely designed for the requirements of the Buyer, and that this deposit is required to enable the

Seller to order the custom equipment specified in this contract from its vendors.

- b. Payment of Remaining Balance** - Buyer understands and agrees that payment of the remaining balance for the goods and services identified in Exhibit "A" of this contract is due prior to the time the goods and equipment are delivered to the Buyer. The payment shall be in certified funds, which consist of a cashier's check made out to the order of Thompson and Little, Inc. or by electronic transfer (commonly known as 'wiring funds') to the account of Thompson and Little, Inc. The Seller is in no way obligated to receive payment in a manner other than certified funds.
- c.** In the event the Seller in its discretion accepts a personal check for all of or a portion of the goods and equipment specified in this contract, said personal check must be received by the Seller no less than 96 business hours (4 days) prior to the scheduled date of delivery of the goods and equipment. This time frame is set for the purpose of allowing sufficient time for the lending institution to validate the funds in accordance with North Carolina law. For the purposes of this section, business hours shall mean the hours between 9:00 A.M. and 5:00 P.M. Eastern Standard Time, Monday through Friday, excluding holidays. No verbal agreement or modification of the terms of this contract shall be binding upon the seller unless set in writing and signed by all parties. Payment terms are due on receipt. If terms are extended to the buyer any late payment will accrue finance charges of (1.5%) per month on any late balance and the supplier reserves the right to revoke any credit extended to buyer. The title of goods shall remain vested in seller until the purchase price and all charges are paid in full. The first right of lien is to remain with the seller until the title vests in the purchaser.
- d. Manner of Payment if Buyer seeks delivery of a portion of goods and equipment**— Buyer and Seller understand and agree that in most instances, the goods and equipment identified under this contract are not delivered at once, but over several stages while the restaurant, kitchen, bar or other space is built and outfitted. With this understanding in mind, if the Buyer seeks delivery of a portion of goods in the manner specified in this Contract, the Buyer must pay one-half of the value of the goods and equipment it seeks to have delivered, with payment to be received by the Seller prior to the delivery of the specified portion of goods.
- e.** As a matter of illustration, if the Buyer seeks delivery of goods and equipment valued at \$40,000.00, the Buyer shall submit certified funds to the Seller in the amount of \$20,000.00 on or prior to the specified delivery date. The remaining \$20,000.00 value of the goods and equipment will already be accounted for by way of the Buyer's initial deposit.
- f. Re-Stocking Fee in the Event of Non-Payment** – It is understood between the Buyer and Seller that the goods and equipment identified in this contract are uniquely specified to the needs of the Buyer, and cannot easily be re-sold to a third party. Because of this, if the Seller acquires and is in a position to deliver and/or install the goods and equipment upon the Buyer's delivery demand, and the Buyer is unable to provide payment prior to delivery, the Buyer will be obligated to pay the vendor's re-stocking fee, if there is any, along with any freight cost for returning the goods and equipment to the vendor. In any event, the re-stocking fee shall not exceed 25% of the value of the goods and equipment.

Thompson & little, Inc. will deliver the walk-in cooler or freezer to the job site, un-crate, assemble/erect box in place, hang the evaporator and remove all packaging material. The placement of the condenser, refrigeration hook-up from condenser to evaporator, all electrical connection, site (pit) preparation and any plumbing is the responsibility of other trades.

1. Identified Goods and Equipment for purchase. Buyer has agreed to purchase and seller has agreed to sell commercial kitchen equipment, goods and accessories more specifically described in Exhibit "A" of this contract, and that

the Buyer and Seller have negotiated and otherwise agreed to a price of \$118,182.97 for the sale and/or installation of the equipment identified in Exhibit "A".

- 2. **Delivery of Goods and Equipment** – It is understood and agreed between the Buyer and the Seller that the delivery date for the goods and equipment listed in this contract is contingent on several factors beyond the control of the Buyer and Seller, including but not limited to delays in acquiring permits, delays in construction, delays due to weather events and the like. As such, there is no set delivery date for the goods and equipment set forth in this Contract. Instead, the Buyer shall inform the Seller in writing of he/she/its desire to have the goods and equipment delivered, and shall specify in this written correspondence the date for delivery. If the delivery is for a portion of the goods listed in the contract, the Buyer shall specify the portion of goods and equipment sought to be delivered in the writing, and shall further specify the date of delivery for the portion of goods and equipment. For the purposes of this section, 'writing' is defined as communication by the following manners: written or typed document to the attention of Seller and sent to the Seller's mailing address, facsimile to (910) 484-0576 or sent to one or more of the Seller's employees by email.
- 3. **Payment for Goods and Equipment** –
 - a. **Initial Deposit** – Upon the execution of this contract, the Buyer will pay to the Seller a non-refundable deposit amounting to one-half of the price of the goods and equipment set forth in Exhibit "A", with said amount being \$59,091.49. The Buyer understands and agrees that the equipment and services set forth in this contract consist of custom equipment that is uniquely designed for the requirements of the Buyer, and that this deposit is required to enable the Seller to order the custom equipment specified in this contract from its vendors.
 - b. **Payment of Remaining Balance** - Buyer understands and agrees that payment of the remaining balance for the goods and services identified in Exhibit "A" of this contract is due prior to the time the goods and equipment are delivered to the Buyer. The payment shall be in certified funds, which consist of a cashier's check made out to the order of Thompson and Little, Inc. or by electronic transfer (commonly known as 'wiring funds') to the account of Thompson and Little, Inc. The Seller is in no way obligated to receive payment in a manner other than certified funds.
 - c. In the event the Seller in its discretion accepts a personal check for all of or a portion of the goods and equipment specified in this contract, said personal check must be received by the Seller no less than 96 business hours (4 days) prior to the scheduled date of delivery of the goods and equipment. This time frame is set for the purpose of allowing sufficient time for the lending institution to validate the funds in accordance with North Carolina law. For the purposes of this section, business hours shall mean the hours between 9:00 A.M. and 5:00 P.M. Eastern Standard Time, Monday through Friday, excluding holidays. No verbal agreement or modification of the terms of this contract shall be binding upon the seller unless set in writing and signed by all parties. Payment terms are due on receipt. If terms are extended to the buyer any late payment will accrue finance charges of (1.5%) per month on any late balance and the supplier reserves the right to revoke any credit extended to buyer. The title of goods shall remain vested in seller until the purchase price and all charges are paid in full. The first right of lien is to remain with the seller until the title vests in the purchaser.
 - d. **Manner of Payment if Buyer seeks delivery of a portion of goods and**

94053

equipment-- Buyer and Seller understand and agree that in most instances, the goods and equipment identified under this contract are not delivered at once, but over several stages while the restaurant, kitchen, bar or other space is built and outfitted. With this understanding in mind, if the Buyer seeks delivery of a portion of goods in the manner specified in this Contract, the Buyer must pay one-half of the value of the goods and equipment it seeks to have delivered, with payment to be received by the Seller prior to the delivery of the specified portion of goods.

- e. As a matter of illustration, if the Buyer seeks delivery of goods and equipment valued at \$40,000.00, the Buyer shall submit certified funds to the Seller in the amount of \$20,000.00 on or prior to the specified delivery date. The remaining \$20,000.00 value of the goods and equipment will already be accounted for by way of the Buyer's initial deposit.
- f. **Re-Stocking Fee in the Event of Non-Payment** -- It is understood between the Buyer and Seller that the goods and equipment identified in this contract are uniquely specified to the needs of the Buyer, and cannot easily be re-sold to a third party. Because of this, if the Seller acquires and is in a position to deliver and/or install the goods and equipment upon the Buyer's delivery demand, and the Buyer is unable to provide payment prior to delivery, the Buyer will be obligated to pay the vendor's re-stocking fee, if there is any, along with any freight cost for returning the goods and equipment to the vendor. In any event, the re-stocking fee shall not exceed 25% of the value of the goods and equipment.
