## About

Bitcentral provides software solutions for the television broadcast industry. Our software manages video from the camera to air with tools for acquisition, production, management and distribution of news, programming and advertising.

At Bitcentral we have a deep belief in simplifying the complex while providing a great customer experience. We build the industry's most streamlined production and distribution system that is feature rich and intuitive to use. Mr. Fourcher has spent over 20 years refining the organization to deliver exceptional products, service and support making it #1 in the industry for Television News Production systems.

Fred Fourcher

### Chairman

Oct 2021 - Present · 2 months

Newport Beach, California, United States

### CEO

1987 - Oct 2021 · 34 years

Newport Beach, California

Over the last couple decades I have focused on changing television industry by simplifying complex production systems and enabling workflows that were never before possible. In 1987, I started the predecessor company Miralite Communications which built large satellite dishes and networks for broadcast content distribution and distance learning. Recognizing the opportunity to offer voice and data services between Russia and the US, in 1992 Miralite Communications created a spin-off called...

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
