CLAIM LISTING

Claim 1:

[Claim 1-PREAMBLE] A portable device for commerce, the portable device comprising:

[1a] an emulator loaded in a smart card module for storing security values and updated transaction logs, and

[1b] an e-purse applet to cause the portable device to function as an electronic purse (e-purse),

[1c] wherein both of the emulator and e-purse applet are already personalized via a personalization process built on a first security channel so that the emulator is set to store a set of keys for subsequent data access authentication and the e-purse applet is configured to conduct a transaction with a network server over a second security channel;

[1d] a first interface configured to perform field communication (NFC) with a reader to perform electronic commerce with the e-purse applet against a fund stored in the emulator;

[1e] a second interface configured to perform mobile commerce with a payment server via an application against the fund stored in the emulator; and
