Gregory Burnett · 3rd

On Sabbatical

February 23, 2015, Gregory worked with Nicolas on the same team

Nicolas is the best there is. His work is top-notch and he can do anything in the software/hardware universe. He has written complete operating and troubleshooting systems and brought several low-power Bluetooth products to market, some single-handedly. He is thorough, knowledgeable,

Patents

Wind suppression/replacement component for use with electronic

Home

M

Systems and methods to reduce the negative impact of wind on an electronic system.

Other inventors

Noise suppressing multi-microphone headset

US 11199856 · Filed Aug 6, 2004

[See patent](#)

A Bluetooth-connected, adaptive noise-suppressing mobile telephone headset.

Other inventors

Microphone and Voice Activity Detection (VAD) configurations for use with communication systems

US 10400282 · Filed Mar 27, 2003

[See patent](#)

Novel microphone configurations for use in various communication systems.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
