Recommendations

Received

Given

Yoshiaki Kawatsura · 3rd

Product Manager

December 11, 2011, Yoshiaki worked with Tony but they were at different companies

He was awesome, and lead this WG in the good way.

Christopher Denton · 3rd

Principal Security Engineer at Intuit

October 23, 2011, Christopher worked with Tony on the same team

Tony would be a fantastic addition to any company. He has a breadth and depth of security knowledge, is an excellent communicator (written and verbal), is detail oriented, self motivated, excellent with 3rd party relationships and a creative thinker.

Mike Seilnacht · 3rd

Security Architect at Intuit

October 19, 2011, Mike worked with Tony on the same team

Tony brings a disciplined approach to problem solving that when coupled with his command of the security domain enables him to explain concepts to business unit teams in clear and simple terms, helping them to prioritize risk, and implement solutions in the business context. I thoroughly enjoyed

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
