About

Operations and process improvement Manager at Apple Pay. Ex Ops VP and Functional Safety Engineer at Mangan Software Solutions. Former Infantry and Signal Officer in the US Army. UT McCombs Master of Science in Technology Commercialization Alum. West Point graduate class of 2008.

Experience

Apple

Full-time · 2 yrs

Platform Support Manager - Pay

Jul 2022 - Present · 1 mo

Austin, TX

Support global work streams with internal and external partners in the areas of platform health and support - bug tracking, reporting/analytics, physical assets, and product launch monitoring.

Engage cross-functional teams to facilitate  Pay programs. Work side by side with partners to develop, streamline and optimize processes during launch and continue to implement post-launch.

Influence decisions and organizational change through collaboration, leadership, and a customer/partner-focused approach.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
