AND NXP USA, INC.,

CIVIL ACTION NO. 6:22-CV-0466-ADA-DTG

**JURY TRIAL DEMANDED**

**AGREED PROTECTIVE ORDER**

WHEREAS, Plaintiff Advanced Silicon Technologies LLC (“AST”) and Defendants NXP Semiconductors N.V., NXP B.V., and NXP USA, Inc. (collectively, “NXP”), hereafter referred to as “the Parties,” believe that certain information that is or will be encompassed by discovery demands by the Parties involves the production or disclosure of trade secrets, confidential business information, or other proprietary information;

WHEREAS, the Parties seek a protective order limiting disclosure thereof in accordance with Federal Rule of Civil Procedure 26(c):

THEREFORE, it is hereby stipulated among the Parties and ORDERED that:

1. Each Party may designate as confidential for protection under this Order, in whole or in part, any document, information, or material that constitutes or includes, in whole or in part, confidential or proprietary information or trade secrets of the Party or a Third Party to whom the Party reasonably believes it owes an obligation of confidentiality with respect to such document, information, or material (“Protected Material”). Protected Material shall be designated by the Party producing it by affixing a legend or stamp on such document, information, or material as follows: “CONFIDENTIAL.” The word “CONFIDENTIAL”

shall be placed clearly on each page of the Protected Material (except deposition and hearing transcripts and natively produced documents) for which such protection is sought. For deposition and hearing transcripts, the word “CONFIDENTIAL” shall be placed on the cover page of the transcript (if not already present on the cover page of the transcript when received from the court reporter) by each attorney receiving a copy of the transcript after that attorney receives notice of the designation of some or all of that transcript as “CONFIDENTIAL.” For natively produced Protected Material, the appropriate designation shall be placed in the filename of each such natively produced document, and included on a slip-sheet when produced in hardcopy.

2. Any document produced before issuance of this Order, including pursuant to the Court’s Order Governing Proceedings - Patent Case, with the designation “Confidential” or the like shall receive the same treatment as if designated “CONFIDENTIAL” under this order and any such documents produced with the designation “Confidential - Outside Attorneys’ Eyes Only” shall receive the same treatment as if designated “CONFIDENTIAL - OUTSIDE ATTORNEYS’ EYES ONLY” under this Order, unless and until such document is re-designated to have a different classification under this Order.
3. With respect to documents, information, or material designated “CONFIDENTIAL,” “CONFIDENTIAL - ATTORNEYS’ EYES ONLY,” “CONFIDENTIAL - OUTSIDE ATTORNEYS’ EYES ONLY,” or “CONFIDENTIAL - SOURCE CODE” (“DESIGNATED MATERIAL”),<sup>1</sup> subject to the provisions herein and unless otherwise stated, this Order governs, without limitation: (a) all documents, electronically stored

---

<sup>1</sup> The term DESIGNATED MATERIAL is used throughout this Protective Order to refer to the class of materials designated as “CONFIDENTIAL,” “CONFIDENTIAL - ATTORNEYS’ EYES ONLY,” “CONFIDENTIAL - OUTSIDE ATTORNEYS’ EYES ONLY,” or “CONFIDENTIAL - SOURCE CODE,” individually and collectively.

information, and/or things as defined by the Federal Rules of Civil Procedure; (b) all pretrial, hearing or deposition testimony, or documents marked as exhibits or for identification in depositions and hearings; (c) pretrial pleadings, exhibits to pleadings and other court filings; (d) affidavits; and (e) stipulations. All copies, reproductions, extracts, digests, and complete or partial summaries prepared from any DESIGNATED MATERIALS shall also be considered DESIGNATED MATERIAL and treated as such under this Order.

4. A designation of Protected Material (*i.e.*, “CONFIDENTIAL,” “CONFIDENTIAL - ATTORNEYS’ EYES ONLY,” “CONFIDENTIAL - OUTSIDE ATTORNEYS’ EYES ONLY,” or “CONFIDENTIAL - SOURCE CODE”) may be made at any time. Inadvertent or unintentional production of documents, information, or material that has not been designated as DESIGNATED MATERIAL shall not be deemed a waiver in whole or in part of a claim for confidential treatment. Any Party that inadvertently or unintentionally produces Protected Material without designating it as DESIGNATED MATERIAL may request destruction of that Protected Material by notifying the recipient(s) as soon as reasonably possible after the producing Party becomes aware of the inadvertent or unintentional disclosure, and providing replacement Protected Material that is properly designated. The recipient(s) shall then destroy all copies of the inadvertently or unintentionally produced Protected Materials and any documents, information, or material derived from or based thereon.
5. “CONFIDENTIAL” documents, information, and material may be disclosed only to the following persons, except upon receipt of the prior written consent of the designating Party, upon order of the Court, or as set forth in paragraph 15 herein:
  - (a) Outside counsel of record in this Action for the Parties.

- (b) Employees of such counsel assigned to and reasonably necessary to assist such counsel in the litigation of this Action.
  - (c) In-house counsel for the Parties who either have responsibility for making decisions dealing directly with the litigation of this Action, or who are assisting outside counsel in the litigation of this Action and who have read and agree in writing to be bound by this Order.
  - (d) Up to and including three (3) designated representatives of each of the Parties to the extent reasonably necessary for the litigation of this Action, except that any Party may in good faith request the other Party's consent to designate one or more additional representatives, the other Party shall not unreasonably withhold such consent, and the requesting Party may seek leave of Court to designate such additional representative(s) if the requesting Party believes the other Party has unreasonably withheld such consent.
  - (e) Outside consultants or experts (*i.e.*, not existing employees or affiliates of a Party or an affiliate of a Party) retained for the purpose of this litigation, provided that: (1) such consultants or experts are not presently employed by the Parties or of an affiliate of a Party hereto for purposes other than this Action; (2) before access is given, the consultant or expert has completed the Undertaking attached as Appendix A hereto and the same is served upon the producing Party with a current curriculum vitae of the consultant or expert, including a list of other cases in which the individual has provided a report or testified (at trial or deposition) and a list of companies that the individual has been employed by or provided consulting services pertaining to the field of the invention of the patent(s)-in-suit or the products accused of infringement within the last four years and a brief description of the subject matter of the consultancy or employment, at least ten (10) days before access to the Protected Material is to be given to that consultant or expert to object to and notify the receiving Party in writing that it objects to disclosure of Protected Material to the consultant or expert. The Parties agree to promptly confer and use good faith to resolve any such objection. If the Parties are unable to resolve any objection, the objecting Party may file a motion with the Court within fifteen (15) days of receipt of the notice, or within such other time as the Parties may agree, seeking a protective order with respect to the proposed disclosure. The objecting Party shall have the burden of proving the need for a protective order. No disclosure shall occur until all such objections are resolved by agreement or Court order.
  - (f) Independent litigation support services, including persons working for or as court reporters, graphics or design services, jury or trial consulting services, and photocopy, document imaging, and database services retained by counsel and reasonably necessary to assist counsel with the litigation of this Action.
  - (g) The Court and its personnel.
6. A Party shall designate documents, information, or material as "CONFIDENTIAL" only upon a good faith belief that the documents, information, or material should be protected

from public disclosure because such information contains confidential or proprietary information or trade secrets of the Party or a Third Party to whom the Party reasonably believes it owes an obligation of confidentiality with respect to such documents, information, or material.

7. Documents, information, or material produced pursuant to any discovery request in this Action, including but not limited to Protected Material designated as DESIGNATED MATERIAL, shall be used by the Parties only in the litigation of this Action and shall not be used for any other purpose. Any person or entity who obtains access to DESIGNATED MATERIAL or the contents thereof pursuant to this Order shall not make any copies, duplicates, extracts, summaries, or descriptions of such DESIGNATED MATERIAL or any portion thereof except as may be reasonably necessary in the litigation of this Action. Any such copies, duplicates, extracts, summaries, or descriptions shall be classified DESIGNATED MATERIALS and subject to all of the terms and conditions of this Order.
8. To the extent a producing Party believes that certain Protected Material qualifying to be designated CONFIDENTIAL is so sensitive that its dissemination deserves even further limitation, the producing Party may designate such Protected Material “CONFIDENTIAL - ATTORNEYS’ EYES ONLY,” or to the extent such Protected Material includes computer source code (*e.g.*, a text listing of computer instructions, commands and data definitions expressed in a form suitable for input to an assembler, compiler, or other translator), RTL code (*i.e.*, register transfer level code that may define structure or operation of hardware), object code listings and descriptions of object code, data residing in a database or databases, including mask and layout files (*e.g.*, GDS, .sip formats), process flow documents and/or recipes, documents titled and known within NXP as “design rule manuals”, and/or live data (that is, data as it exists residing in a database or databases)
