About

Exploration and simplification. Current interest in machine learning. Previously researched data movement energy optimization and self-timed circuits in GALS and GALA systems. Graphics, display, and video before that. Started as hardware type a while ago. Around 70 patent applications ... some pending.

_____

Michael Poimboeuf in · 3rd
Head of Engineering at PARC, a Xerox Company
April 28, 2007, Michael worked with Greg on the same team

Greg was the architect of the XT HD video product, which was the world's
first computer I/O product for HD video. I worked with him as a peer. I
would choose to work with him again in a heart-beat.

Kirk Law in · 3rd
Chief Development Officer, Cohesity Inc.
November 27, 2005, Kirk was senior to Greg but didn't manage Greg directly

Greg worked as a design engineer in my digital media group at SGI for

~~Principal Program Manager Lead - WDG Build Systems at Microsoft~~
October 14, 2005, Dan managed Greg directly

Greg worked for me during part of his tenure at SGI. I have the highest
regard for him. He is an excellent engineer with great ideas and the work
ethic to make it happen. I've truly enjoyed working with Greg.

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS
Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS
Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS
Sync your system to PACER to automate legal marketing.

fastcase
Smarter legal research.
