Jason,

To enter the building there is an intercom at the front of the building that will connect Dr. Ricketts to our reception. If there are any issues, please have Dr. Ricketts connect with our practice coordinator Tammy Miller at 209-221-5225. Please inform Dr. Ricketts that he will need to have his ID, and will only be allowed to have a bound notebook when reviewing the code and schematics.

Please note that given the holidays, we will have limited staffing, and the office will only be open from 9am – 5pm from December 26 to 29. For the benefit of our staff during this week, we would also appreciate it if Dr. Ricketts or someone on your team lets us know if Dr. Rickett's plans change such that he will not be there at any period of time during the two week you have reserved.

Counsel

We have now followed up multiple times on the PO. Over a month ago, you said that you would provide us with some edits to the PO so that the schematics could be moved to DC. We have not seen or heard anything about this to date.

Please let me know where things stand today.

Thanks

What is status of Realtek's PO proposal? This has been pending for a while now.
